Creating A Global Tapestry Of Insurance Regulation

This year marks yet another milestone in the insurance regulation history - the successful and smooth transition of segregating composite insurance companies into two separate companies, carrying on insurance business.

The split of composite companies is expected to promote greater focus, transparency, policyholder protection and visibility on profitability.

While this financial year saw the regulatory reform process in place for the clear segregation of life and non-life insurance business, in tandem with global reforms in the insurance regulatory landscape, the Board embarked upon another significant regulatory revolution, the move from a fixed capital regime to a risk sensitive capital regime.

Vision

To be the benchmark Insurance
Regulator in Asia.

Mission

To protect policyholders' interests whilst regulating,
supervising and facilitating the development of the insurance industry

Highlights of The Year

- 21 Insurance Companies
- 58 Insurance Brokers
- 43,343 Insurance Agents
- Insurance awareness reached 456 Grama Niladhari Divisions
- RBC Parallel Run Commenced
- Segregation Process Commenced

Performance of Insurance Industry

	2014	2013	Change %
Gross Written Premium (Rs. billions)	99.87	94.99	5.14
Total Assets (Rs. billions)	406.83	357.47	13.81
Penetration as a % of GDP	1.02	1.10	(7.27)
Insurance Density (Rs.)	4,830.57	4637.34	4.17

Performance of the Board

	2014	2013	Change %
Policyholders' Protection Fund (Rs. billions)	2.18	1.78	22.47%
Cess Income (Rs. millions)	273.91	245.74	11.46%
Annual Fees (Rs. millions)	73.44	70.08	4.79%

Rs. 406.83 bn.

Total Assets of Insurance Industry

Rs. 99.87 bn.

GWP of Insurance Industry

“ We are an industry that has the potential to have more strategic foresight and position ourselves as an exemplary industry in the region ”

Chairperson's Review

We are pleased to present the Annual Report for the year 2014; a year in which the insurance industry faced a multitude of challenges and substantial changes in complying with the regulatory requirements. We expect these changes to create a more robust, sustainable insurance industry that delivers value to all stakeholders.

The IBSL experienced a leadership change with the new Director General assuming duties during the year under review. It is a pleasure to see talent from within rise to the top most position of the IBSL. We will continue to groom our talent and offer them opportunities for growth whilst infusing new blood in to the system by way of opening our doors to external talent.

Whilst the industry was shifting to a different landscape, the IBSL remained focused on the long-term strategic objectives to ensure that we move towards fulfilling our mission, "to protect policyholders interest whilst regulating, supervising and facilitating the development of the insurance industry".

Industry Performance

The Gross Domestic Product (GDP) of the national economy increased by 7.4% in 2014 compared to 7.2% in 2013. This was mainly due to the National Monetary Policy which resulted in a decline in interest rates and inflation, and overall improvement in domestic macroeconomic conditions.

Within this context, the insurance industry was able to achieve an overall Gross Written Premium (GWP) of approximately Rs.99,872 million from life and non-life businesses recording an increase of Rs.4,885 million in absolute terms and a growth of 5.14%. This was relatively a lower growth rate compared to 8.97% experienced in 2013.

However, we note an increase in the total assets of Insurance Companies in 2014 recording a 13.81% growth compared to 13.19% in the previous year.

Achievements

With regard to the adoption of the Risk Based Capital (RBC) model, we witnessed the successful completion of many phases of it during the last 2-3 years, as planned. We were able to finalize the RBC Final Framework in October 2013 based on the analysis of Road Test results and the industry feedback. The Parallel Run for the implementation of RBC commenced in 2014 and will continue until the end of 2015. In June 2014, a workshop was organized by us, in collaboration with the World Bank, to provide an opportunity to the industry participants to share and discuss the results of the first quarter of the parallel run and emerging challenges. The RBC Final Framework will be converted to RBC Final Rule in 2015.

We appreciate the cooperation rendered by all insurance companies in the RBC journey thus far and admire their readiness to change and adapt.

Segregation of composite insurance companies into two classes of insurance businesses was also successful except for a few companies that could not complete the task. We would be closely working with these companies to reach a conclusion.

Policyholders' protection remains one of our key objectives and a number of regulatory reforms were introduced during 2014 towards this objective. The Board took initiatives to safeguard the policyholders' interest by formalizing Institutional Agents and ensuring all insurance companies maintain a strong financial position and solvency among other factors.

The Complaint Handling Procedure was implemented in order to investigate the complaints received by the Board. We strive to resolve all complaints received and give redress wherever possible. From the numerous complaints we receive, it is evident that most of the policyholders do not read and understand the policy conditions and continue to rely on Agent's interpretation. In order to raise awareness of the Policyholders and potential Policyholders, the IBSL continued the awareness creation and market development programmes at Divisional Secretariat level, in addition to other promotional programmes.

Chairperson's Review Contd...

Way Forward

Enhancing insurance penetration has been and continues to be one of the biggest challenges before us. The total insurance penetration (as a percentage of GDP) in 2014 was 1.02% indicating a very low level of penetration for both life and non-life businesses. Relatively low per capita income when compared with some other Asian countries and lack of knowledge of the concept of insurance and its benefits, low disposable income of many population segments are some of the contributory factors to the low insurance penetration in the country.

However, with the decreasing poverty levels and increasing income levels of the population, as projected by the Government, I urge the insurance companies to look at the middle level of the pyramid, who will have more purchasing power. The people in the middle segment will have different lifestyles and discretionary spending patterns. 'Insurance' needs to be placed as an item in their priority list. This is the positioning that we need to aim for. We as an industry need to take a leap downward – to the middle and bottom of the economic pyramid, with innovative product solutions.

It is also important to note that the industry is yet to reach the masses in rural and semi urban areas where approximately 75% of the population resides, with appropriate and affordable products and effective distribution channels. There is a vast, under-served market, which needs to be tapped and developed in order to increase the insurance penetration in the country. We will continue implementing the Awareness Raising programmes throughout the country creating greater awareness on "insurance" among the general public. We also expect the industry as a whole to revisit the traditional business models and enhance its reach to the said areas of the country, whilst involving these communities in the insurance industry. Instead of focusing on the same existing customer base in the urban areas, we would like to see the industry focusing on and unlocking a new mass of consumers in the rural areas.

Lack of Actuarial Expertise is another major challenge in view of the impending implementation of the RBC model and Supervision framework. We encourage and support local professionals to obtain

necessary qualifications and expertise to become full-fledged Actuaries.

With the ever-changing socio-economic landscape and shifting demographics in our country, we encourage the industry to be more forward-thinking and introduce innovative products, whilst ensuring that these are products that your customers are willing to pay for, in order to ensure profitable growth. As the regulator, we reiterate the importance of assessing the overall dynamics of the industry when designing the product offerings. Become pioneers in segments that are yet to be penetrated and derive unprecedented value. We are an industry that has the potential to have more strategic foresight and position ourselves as an exemplary industry in the region. As the regulator, we assure you our fullest support to the industry's attempts of growth.

In Appreciation

I wish to place on record my appreciation for the unstinted support and valuable contribution of my fellow Members of the Board. I also thank the industry stakeholders including the Insurance Ombudsman, Insurance Association of Sri Lanka and the Sri Lanka Insurance Brokers Association for their excellent cooperation and the cordial relationship that they maintain with us.

I also wish to recognize and appreciate the commitment of the Director General, Directors and other staff of the IBSL for their dedication and resilience in achieving the objectives of the IBSL. I am confident and positive that the team will continue to execute the strategies of the IBSL fulfilling its mission and vision in the years to come.

Indrani Sugathadasa

Director General's Review

“ Parallel to implementation of risk sensitive capital model, the Board's focus is to develop the supervisory function. The Board will move from a rules based supervisory framework to a risk based supervisory framework with the objective of strengthening the supervisory function of the Board ”

It's with great pleasure I report a successful year with solid and persistent performance on our journey to become the benchmark insurance regulator in Asia.

Regulatory and Supervisory Reforms

The most significant achievement in the regulatory sphere I consider is the successful and smooth transition of segregating composite insurance companies into two separate companies carrying on insurance business. Out of the twelve composite companies, the Board was efficacious in granting licenses to seven companies to

meet the regulatory deadline imposed to carry out the segregation process. The other five composite companies, though eager to segregate need to overcome certain challenges prior to meeting with the regulatory requirement. I take this opportunity to thank industry players and staff of the Board for working tirelessly in this major exercise, having faced many limitations and challenges. The split of composite companies is expected to promote greater focus, transparency, policyholder protection and visibility on profitability. The Board has also permitted certain services to be shared amongst insurers to ease the transition process and to minimize the short

Director General's Review Contd...

term cost escalation arising due to segregation. It is also remarkable to mention the assurances given by the Board to the industry on exemptions sought on levies effecting segregation having materialised.

Recognizing the need to keep abreast with global reforms taking place in the insurance regulatory landscape, the Board embarked upon another significant regulatory revolution to move from a fixed capital regime to a risk sensitive capital regime. The risk sensitive capital model will take into account a company's risk appetite to determine the required level of capital, which will result in disciplined investment function. The new rules will replace the existing solvency margin rules and will come into effect from year 2016. This new capital model was developed through a project initiated in year 2009 with the assistance of the World Bank and First Initiative, and after extensive research both locally and abroad, was successful in introducing a capital model unique to the Sri Lankan insurance industry. It is important to mention that these rules whilst being developed systematically, measures were taken to enhance the capacity and knowledge of the staff of the Board as well as to enhance the knowledge of the industry. Many workshops and training programs were held to the industry regarding the new rule and conducting a road test initially, and from 2014 on a two year parallel run. During the parallel run companies are apprised of industry compliance and assistance for compliance is provided by the Board wherever required.

Parallel to implementation of risk sensitive capital model, the Board's focus is to develop the supervisory function. The Board will move from a rules based supervisory framework to a risk based supervisory framework with the objective of strengthening the supervisory function of the Board. Technical assistance for this project is provided by the World Bank and commenced as phase II of the Risk Based Capital project. This two year project commenced in year 2013 and during the period of review much work relating to the project was completed. The main objective of the project is to enhance the Board's supervisory capacity to be more appreciative of risks associated with the insurance industry and to take immediate remedial measures to minimize an impact to the industry. This regime is far more advanced from a rules based supervisory regime. The project also focuses developing supervisory capacity in the areas of reinsurance, reinsurers, loss adjusters, investments and investment linked products.

Performance of the industry

The industry continued its growth both in General Insurance Business (Rs 55,262 million) and Long Term Insurance Business (Rs 44,610 million) during the year recording an overall Gross Written Premium (GWP) growth of 5.14%. However, in comparison to 2013, the overall growth rate has declined by around 43% (2013: decline of 19%). A much slower growth is witnessed in the General Insurance Business (3.66%) compared to Long Term Insurance Business (7.04%). This slow growth pattern in General Insurance Business has been continuing from 2012. During the year, marine, miscellaneous and motor insurance business have experienced slow growth rates and fire insurance business has experienced a negative growth rate of 0.97% when compared to a positive growth of 16.25% in 2013. Another important factor to be considered is the increasing combined ratio for general insurance business, which has surpassed 100% over the last five years and recorded the highest at 109.66% in 2014. In Long Term insurance business too, surrenders over the years have been increasing and the industry is witnessing a constant high rate (around 19%) of lapsed policies as a percentage of new policies issued.

However, with Gross Domestic Product of the economy steadily increasing and industry witnessing low penetration levels both in long term and general insurance businesses, we could expect the sector to progress with improved levels of public confidence, awareness and appreciation of the concept and benefits of insurance and higher disposable income among the public.

Penetration levels continue to be low with a GWP/GDP ratio being just 1.02%. Penetration levels for general and long term insurance businesses for 2014 are recorded as 0.56% and 0.46% respectively.

In contrast, the insurance density which is represented by the GWP per person has increased to Rs 4,831 in 2014 from Rs 4,637, recorded in 2013 mainly due to increased GWP and insignificant increase in the population.

Total assets of insurance companies have grown steadily from 2010 and have posted a growth rate of 13.81% when compared to 2013. Further, the shareholders' funds of insurance companies have shown a significant growth of 17.96% compared to 2013.

As for the distribution channels of insurance companies, we have seen insurance agents to dominate the distribution channel of long term insurance business, and direct business of insurers to dominate

Director General's Review Contd...

the distribution channel of general insurance business. In 2014 we can also witness an increase in the Bancassurance channel for distribution of long term insurance business.

The Brokering Company's contribution to the total GWP amounted to Rs 14,716 million and recorded a growth of 2.34% in 2014 compared to the contribution in 2013, being Rs 14,380 million. This contribution consists of premium income generated through general insurance business and long term insurance business amounting to Rs 14,558 million (98.93%) and Rs 158 million (1.07%) respectively.

Human Resources

The Board during the year continued to invest in its human capital, a concept that recognizes that performance levels of the staff can be enhanced by continuous professional development. Currently, the Board comprises of a matured, professionally qualified, well trained staff and the Board has been successful in providing training to enhance their knowledge to keep up to the dynamics of the insurance sector.

Looking Forward

The Board with the objective of aligning its regulatory framework with international standards has commenced benchmarking with the Insurance Core Principles (ICP's) issued by IAIS. The Board has also participated in many peer reviews of ICP's during the period and has been able to identify areas for improvement. These improvements will either be addressed through legislative revisions or by way of revisions to subordinate legislation.

An area of focus for the coming years will be the introduction of principles on market conduct. This too will be in line with the ICP's. A much talked about topic in many forums, the successful implementation of same would enhance public confidence on the industry. During the past few years we have witnessed a significant number of policyholder complaints made to the Board. Much work in the area of building public confidence on insurance is essential to the growth of the industry. During the year under review the Board undertook market development activities, such as conducting awareness campaigns at District and Divisional Secretariats, awareness through electronic and print media and participation at exhibitions where, inter alia, the importance of having insurance is advocated.

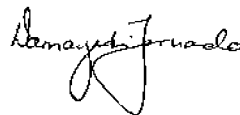

The Board recognizing the importance of developing the "microinsurance" sector as a market development activity organized a workshop on "microinsurance" to create awareness among participants and encourage development in this area. The workshop is the commencement of a larger project that the Board intends taking forward.

In Appreciation

In conclusion I wish to express my sincere gratitude to the Chairperson and all Members of the Board for the guidance and unstinted support given throughout the year to me and the senior management of the Board. The Chairperson with her wealth of knowledge has guided us in times of challenge and we are indeed grateful to her.

I also wish to place on record my sincere gratitude to the Chairperson and all Board Members for having confidence in me and appointing me as the DG of IBSL.

My appreciation is also extended to the Presidents and office bearers of IASL, SLIBA and SLII for the cooperation extended to the Board. Finally I wish to express my appreciation to my team of Directors and staff for their high level commitment and hard work to achieve our goals for the year.

Profiles of Members of The Board

(1) Mrs. Indrani Sugathadasa Chairperson

Mrs. Indrani Sugathadasa has held the position of Chairperson of the Board since May 2010. A product of Musaeus College, she entered the University of Colombo and graduated with a Bachelor in Social Sciences. She is also a holder of a Masters (MBA/MPA) from Monash University, Australia. She was awarded the prestigious Hubert H. Humphrey Fellowship (Fulbright) by the Government of the United States and was attached to the City University of New York during the Fellowship period.

Mrs. Sugathadasa embarked on her career as a member of the Sri Lanka Administrative Service (SLAS) in 1977 at the Ministry of Plan Implementation. Her illustrious career of over 35 years in the public sector includes positions of Director, National Youth Services Council; Director, Women's Bureau; Secretary, Ministry of Child Development and Women's Empowerment; Secretary, Ministry of Plantation Industries and Chairperson, Securities and Exchange Commission.

Mrs. Sugathadasa has represented Sri Lanka in several Delegations to foreign States and has participated in many International Forums.

At present, she is a member of the Board of Directors of the National Development Bank PLC and Kalubowitiyana Tea Factory Limited. She has also served on the Boards of the Board of Investment, Export Development Board, Sri Lanka Tea Board, Central Environment Authority, Foreign Employment Bureau, National Youth Council, National Institute of Plantation Management and the Research Institutes of Tea, Rubber and Coconut.

Her contribution to the public service and leadership in numerous sectors in the country has been recognized through a number of accolades, including the Australian Alumni Excellence Award in 2013.

(2) Ms. Pushpa Wellappili

Ms. Pushpa Wellappili is an officer of the Sri Lanka Administrative Service. During her over 32 years of service in the public sector, she has held various positions such as Additional Secretary to the President, Director General-Public Finance Department of the General Treasury, Director in the Ministry of Housing and Urban Development and Assistant Commissioner of Probation & Childcare Services.

She holds a Masters degree in Laws from the University of Colombo, Bachelor of Laws degree from the Open University of Sri Lanka, Bachelor of Science honours degree in Mathematics & Statistics from the University of Jaffna and Postgraduate diploma in Urban Development from the Institute of Housing & Urban Development Studies in Rotterdam, Netherlands. She is also an Attorney-at-Law of the Supreme Court of Sri Lanka.

Ms. Wellappili currently holds the position of Deputy Secretary to the Treasury. In addition, she is serving as an ex-officio Director of the Board of Directors of Bank of Ceylon.

(3) Mr. P. Samarasiri

Mr. P Samarasiri is currently a Deputy Governor of the Central Bank of Sri Lanka. Prior to appointing to the post of Deputy Governor, he has served in many senior positions such as Assistant Governor, Secretary to the Monetary Board, Compliance Officer and Director of Bank Supervision in the Central Bank. He also holds the post of Vice Chairman of the Institute of Bankers of Sri Lanka for the past four years and held the post of the Chairman of the Sri Lanka Accounting and Auditing Standards Monitoring Board for the past five years until February, 2015.

Mr. Samarasiri holds a BA Degree (Hons.) in Economics from University of Colombo and MA in Economics from the University of Kansas, USA. Mr. Samarasiri counts 33 years of experience in the Central Bank in areas of statistics, economic policies, regulation and supervision of banks and non-bank financial institutions, financial system stability, corporate governance, currency management, foreign exchange policies, financial intelligence and regional development.

Mr. Samarasiri has authored three books "මුදල් ගනුදෙනු, බැංකු සහ ආර්ථිකය", "මූලික ආර්ථික විද්‍යා මූලධර්ම විග්‍රහය" සහ "ආර්ථික විද්‍යා මූලධර්ම සහ ප්‍රතිපත්ති" published by the Central Bank. He has also published several articles on economic and financial topics in various publications and news papers.

(4) Mr. D. N. R. Siriwardena

Mr. D. N. R. Siriwardena holds a B.A. (Hons.) Degree in Geography from the University of Peradeniya and a Law Degree (LL.B) from the Open University of Sri Lanka and a registered student in the LL.M Degree program conducted by the University of Colombo. He is an Attorney-At-Law by profession. Mr. Siriwardena joined the

Profiles of Members of The Board Contd...

Department of Registrar of Companies in 1988 as a Companies Inspector and was promoted to Assistant Registrar of Companies in 2001. He has been appointed as the Registrar General of Companies (Cover up duty). Mr. Siriwardena is an ex-officio member of the Institute of Chartered Accounts of Sri Lanka and also an ex-officio member of the Securities and Exchange Commission of Sri Lanka.

(5) Mr. Jeromy Bolling

Associate of The Chartered Insurance Institute London with a Master of Business Administration Degree from University of Sydney.

Over 20 years of experience in the Insurance sector and this included working for both Insurance Companies and Insurance/Reinsurance Brokers spanning across Sri Lanka, Australia, and Maldives.

Presently Director of NHJ Risk Management Services P/L, Octagon Consultants P/L and Endless Outdoors P/L.

(6) Dr. A. A. Shabbir Gulamhusein

Deshabandhu Dr. Ali Asger Shabbir Gulamhusein serves as Chairman of the board of Adam Investments Plc. He holds a PhD from Tokyo, Japan and a Degree from King's College London, UK. Dr. Gulamhusein has been bestowed with the prestigious title of "Deshabandhu Manawahithawadhi, Lankaputhra" and also serves as advisor to the Ministry of Justice, Ministry of Co-operatives and Internal Trade, Ministry of Productivity Promotion and as a Justice of Peace (all island).

Dr. Gulamhusein also serves as a Director of Ceylon and Foreign Trades Plc, Orient Garments PLC, PCH Holdings Plc, Adamexpo (Pvt) Ltd, Spice of Life (Pvt) Ltd, Network Communications (Pvt) Ltd, Adam Apparels (Pvt) Ltd, Adam Metals (Pvt) Ltd, Giorgio Morandi (Pvt) Ltd, Sonakshi Investments (Pvt) Ltd, Sonakshi Gems (Pvt) Ltd, Adam Air conditioners (Pvt) Ltd, Adam Automobiles (Pvt) Ltd, Colombo Apothecaries Company Ltd, Business Chamber of Commerce, Hamilton Resorts (Pvt) Ltd, Ceylon & Foreign Trade Surgi-Tech (Pvt) Ltd, Colombo Freight and Transport Ltd, and Dodwell & Company Ltd.

(7) Mr. Asanga Abeyagoonasekera

Asanga Abeyagoonasekera is a Young Global Leader (YGL) for the World Economic Forum. He is a member of the Regional Centre for Strategic Studies (RCSS).

Asanga was the former Executive Director of the Premiere National think tank Lakshman Kadirgamar Institute for International Relations and Strategic Studies (LKIIRSS) and the Director General of BIDTI, a diplomatic training institute.

Asanga has nearly a decade experience in Government Administration Sector, he was the former Chairman of the Foreign Employment Agency and the Ceylon Fishery Harbours Corporation, and worked in the private sector at Sri Lanka Telecom and Hutchison. He was the youngest ever appointed for all three Government positions. He was a Director at Sri Lanka Ports Authority. He has served as a member at subcommittees for National Science Foundation and the Coordinating Secretariat for Science Technology and Innovation (COSTI).

He is the founding Curator of the Global Shapers Colombo Hub and the Country Chair of Global Dignity (globaldignity.org). And he is the Chairman and Founder of the "Diri Saviya" Foundation, a community-based non-governmental organization in Sri Lanka. He is the founder and Chairman of the Junior World Entrepreneurship Forum Sri Lanka Chapter.

Asanga holds a Bsc in Computer Science and an MBA from Western Australia, and completed Executive Education from Harvard Kennedy School, Jackson Institute for Global Affairs at Yale University, LKY School of Public Policy (Singapore) and ISB(Hyderabad). Asanga's primary education was at St. Thomas' Preparatory School and Ananda College Colombo.

Asanga was invited as a panellist for World Economic Forum Geneva and World Entrepreneurship Forum France. He was a panellist for many international conferences in USA, South Africa, South & Southeast Asia, China, Russia and Davos.

Asanga is an Alumnus of the US State Department IVLP and National Defense University in Washington. Asanga is a visiting lecturer in International Political Economy.

General Review

Administration of the Act

Legislation

The object and responsibility of the Insurance Board of Sri Lanka (hereinafter referred to as “the Board”) is to ensure that insurance business in Sri Lanka is transacted with integrity and in a professional and prudent manner with a view to safeguarding the interests of policyholders and potential policyholders.

The Regulation of Insurance Industry Act, No. 43 of 2000 (hereinafter referred to as “the Act”) provides the relevant legal framework for the regulation and supervision of insurance companies, insurance brokering companies, insurance agents and loss adjusters.

The Act is amended by the Regulation of Insurance Industry (Amendment) Acts, Nos. 27 of 2007 and 03 of 2011.

Many amendments have been made to the subordinate legislation promulgated under the Act during the year and same are as described in the Regulatory Review of this report.

Market Structure

Insurers

In terms of Section 12 of the Act, subject to the provisions of the Act, no person shall carry on insurance business in Sri Lanka unless such person is for the time being registered or deemed to be registered under the Act to carry on insurance business.

According to Section 13 of the Act, a person desiring of engaging in insurance business in Sri Lanka should incorporate a public company under the Companies Act, No. 7 of 2007 and register and obtain license as an insurer under the Act after having fulfilled all statutory requirements specified in the Act.

21 companies were in operation as insurers as at the end of the year and the suspension of registration imposed on Ceylinco Takaful Limited continues from 2009. Chart 1 depicts the classes of insurance business companies were engaged in. Out of the 21 companies in operation, 12 companies were composite insurers, carrying on both long term insurance business and general insurance business, 3 companies were carrying on long term insurance business and 6 companies were carrying on general insurance business.

Segregation

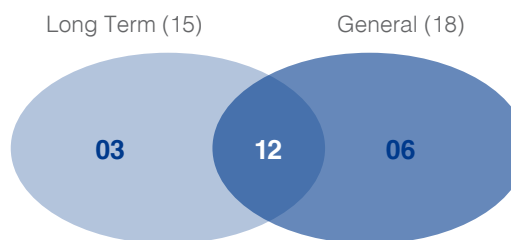

In order to have a smooth transition of the insurance business, the Board issued guidelines on segregation of composite insurers in consultation with the industry.

Section 53 of the Regulation of Insurance Industry Amendment Act, No. 3 of 2011 (hereinafter referred to as the “Amendment Act”) requires composite insurance companies to separate the two classes of insurance businesses into two separate companies (hereinafter referred to as “segregated insurance companies/ segregated insurance company”) on or before February 2015.

During the year under review, applications submitted by composite insurers to comply with section 53 of the Amendment Act were evaluated and as at the end of the year the Board granted registration to 8 companies. However, out of the eight new companies Board has issued licenses to 07 new companies with effect from 1st January 2015 and one company has been directed to comply with required capital in order for the Board to issue license.

Chart 1

Classes of Insurance Business Carried on by Insurers

Insurance Brokers

An insurance broker is a company incorporated under the Companies Act, No. 07 of 2007 and registered under the Act to carry on insurance brokering business. Insurance Brokers function as intermediaries for the placing of insurance business for or on behalf of an insurer, a policyholder or a proposer for insurance or reinsurance, with an insurance company or reinsurance company, in expectation of a payment by way of brokerage or commission.

General Review Contd...

At the end of the year, there were 58 companies registered as insurance brokers. Out of the said companies, 39 companies were registered in both long term and general insurance brokering business while 19 companies were registered only in general insurance brokering business. Chart 2 depicts the classes of insurance brokering business insurance brokers carried on during the year.

Chart 2

Classes of Insurance Brokering Business Carried on by Insurance Brokers

Insurance Agents

Insurance Agents are persons registered with an insurer or an insurance broker registered under the Act and who in consideration of a commission solicits or procures insurance business for such insurer or insurance broker. Qualifications for registration have been specified by the Board.

As per Section 34 of the Act insurance agents are one of the important distribution channels in which insurers procure insurance business.

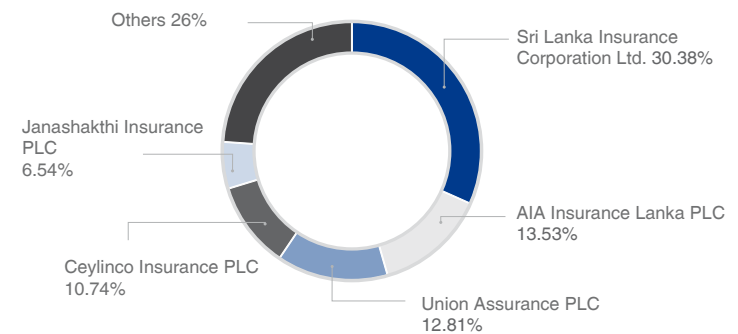

As per information given by insurers, the total number of individuals recruited as insurance agents during the year was approximately 17,018, a 9.05% increase from the previous year (15,606).

Total number of individual insurance agents representing insurers as at the end of year was approximately 42,958 a 11.19% increase from the previous year 38,635.

Chart 3 depicts insurance agents registered with insurance companies.

Chart 3

Individual Insurance agents registered with insurers

There are approximately 385 individual insurance agents registered with insurance brokering companies during last year.

Company Status and Changes in Capital

Out of the insurers, 07 companies were listed on the Colombo Stock Exchange namely, Ceylinco Insurance PLC, AIA Insurance Lanka PLC, Union Assurance PLC, Asian Alliance Insurance PLC, HNB Assurance PLC, Amana Takaful PLC and Janashakthi Insurance PLC. Chart 4 depicts the percentage of listed and non-listed insurers.

Status on 'listed/non listed' insurers

General Review Contd...

The Amendment Act requires insurers to be listed on a stock exchange licensed under the Securities and Exchange Commission of Sri Lanka Act, No. 36 of 1987. Composite insurance companies are required to segregate its business into two separate companies on or before February 2015 and obtain a listing on or before February 2016.

A new company registered as an insurer after the Amendment Act came into effect is required to be listed on a stock exchange licensed under the Securities and Exchange Commission of Sri Lanka Act, No. 36 of 1987 within a period of three years of being issued a licence by the Board.

The stated capital of insurers registered prior to June 2011 has been required by the Board to be increased to a minimum of rupees Five Hundred Million, for a particular class of insurance business on or before February 2015.

Insurance companies registered subsequent to June 2011 have a stated capital not less than Rupees Five Hundred Million.

The Board is also in the process of introducing the Risk Based Capital Rules for insurers. These Rules will replace the current Solvency Margin Rules and will be mandated to comply from year 2016.

In the case of insurance brokers, the Board has required insurance brokers to have a paid up share capital of not less than rupees Two Million Five Hundred Thousand on or before 31st December 2014.

Levy of a Cess from Insurers

In terms of Section 7 of the Act, an order was made by the Hon. Minister of Finance and Planning for the levy of a Cess for the creation of a Policyholders' Protection Fund. By Gazette Notification No. 1244/5 on 9th July 2002 it has specified 0.2% of the total net premium of long term insurance business and 0.4% of the total net premium of general insurance business to be credited to the Policyholders' Protection Fund. The collection of the Cess from insurers commenced with effect from January 2003 and the amount of Cess collected for the year 2014 was Rs. 274 Mn. Table 1 depicts the movement of the Cess and the Policyholders' Protection Fund.

Policyholders' Protection Fund

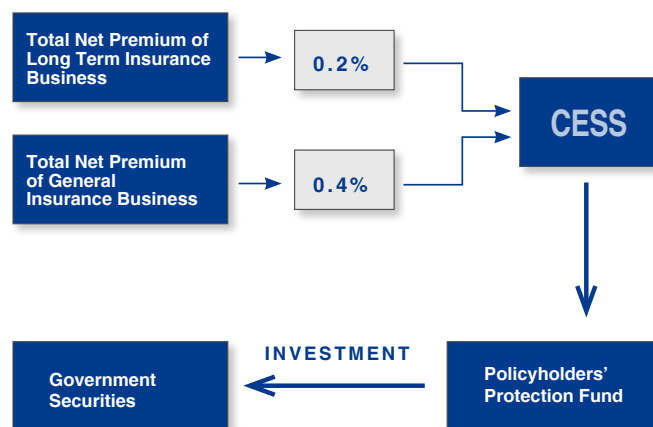

The Cess collected from insurers is deposited into the Policyholders' Protection Fund, established in terms of Section 103 of the Act. This Fund may be utilized, inter alia, for the following purposes in so far as it would be for the benefit of the policyholders and potential policyholders -

- defraying the expenditure incurred in creating awareness of the insurance industry amongst the public and other expenditure incurred in the development of the insurance industry; and
- defraying the expenditure incurred by the Board in the exercise, discharge and performance of its powers, functions and duties.

The amount lying to the credit of the Policyholders' Protection Fund is invested in government securities. The accumulated amount in the Fund as at 31st December 2014 is Rs.2,185 million a 22.89% increase from the previous year (Rs 1,778 million).

Table 1

Cess and the Policyholders' Protection Fund

General Review Contd...

Insurance Tariff

There are no tariffs at present on any class of general insurance business. Tariffs which existed for motor insurance, fire insurance and workmen's compensation insurance were de-tariffed with effect from 1 January 2002, 2005 and 2007 respectively.

Exemptions to the application of the Act

In terms of Section 12(3) of the Act, provisions of the Act does not apply to the Agriculture and Agrarian Insurance Board established under the Agriculture and Agrarian Insurance Act, No. 20 of 1999, the Sri Lanka Export Credit Insurance Corporation established by the Sri Lanka Export Credit Insurance Corporation Act, No. 15 of 1978 and the Social Security Board established under the Social Security Board Act, No. 17 of 1996.

National Insurance Trust Fund (NITF)

The National Insurance Trust Fund Board established by the National Insurance Trust Fund Act, No. 28 of 2006 (NITF Act) was brought under the purview of the Board by the Amendment Act.

In terms of the NITF Act, the NITF absorbed the Strike, Riot, Civil Commotion and Terrorism Fund maintained by the Ministry of Finance and Planning. Insurers issuing insurance covers against strike, riot, civil commotion and terrorism risks on behalf of the NITF are required to remit premiums collected on same to the NITF.

The Act as amended by Act, No. 27 of 2007 requires all registered insurers to reinsure in respect of general insurance business a percentage not exceeding 50% of the liability sought to be reinsured with NITF. In terms of the above provision, an order has been made by the Hon. Minister of Finance & Planning directing all insurers to cede 30% of all types of Reinsurance Treaties and Facultative Reinsurance arrangements to NITF with effect from 1st January 2013. Prior to this the percentage was 20%.

Other Related Matters

National Council for Road Safety (NCRS)

The National Council for Road Safety established under the Motor Traffic Act is under the purview of the Ministry of Transport. Every

insurer providing motor insurance cover is required to contribute 1% of third-party insurance premiums to the Road Safety Fund created under the NCRS. The Board is represented on the Board of NCRS.

Inter Regulatory Institutions Council (IRIC)

The Inter Regulatory Institutions Council was established by the Central Bank of Sri Lanka (CBSL). This high-level committee chaired by the Governor of the CBSL was set up to ensure that appropriate policy directions are set out for orderly development of financial markets, and that all financial regulatory agencies co-ordinate and exchange information in the interests of the entire financial system. The Board is represented on the IRIC.

Insurance Association of Sri Lanka (IASL)

The Insurance Association of Sri Lanka (IASL) was established in 1989 and every insurer registered under the Act is eligible for membership. All insurers other than NITF are members of IASL.

The Executive Committee of IASL which comprises of CEOs of all insurance companies is responsible for the overall management of Association activities, and is assisted by the following committees which make recommendations to the Executive Committee on subjects relating to their respective areas :

- Life Insurance Forum
- General Insurance Forum
- Finance Technical Sub-Committee
- Legal Advisory Forum
- HR Sub Committee
- IT Sub Committee
- Marketing and Sales Forum

The main objectives of IASL are to:-

1. Bring together all insurers in order to afford opportunities for consultation and co-operation in matters affecting the common interests and welfare of its members and the insuring public.
2. Promote and maintain uniform / sound practices and high ethical standards so as to develop confidence among the insuring public.
3. Build awareness regarding the need and value of insurance among the public.

General Review Contd...

4. Monitor legislative / regulatory requirements and make representations to the relevant authorities in order to ensure stability and growth in the industry.
5. Review and examine insurance practices and techniques in other countries and adopt best practices as applicable to the Sri Lankan market.
6. Encourage, actively assist and promote professionalism in the insurance industry through education and training by organizing and conducting classes, conferences, seminars, forums, consultations, workshops and meetings.

Sri Lanka Insurance Brokers' Association (SLIBA)

The Sri Lanka Insurance Brokers' Association (SLIBA) is the only Association of insurance brokers that has been approved by the Board. In terms of Section 79 of the Act, it is mandatory that all applicants seeking registration as insurance brokers obtain membership of this Association prior to registration as an insurance broker by the Board. The members are subject to a code of conduct adopted by SLIBA.

The main Objectives of SLIBA are:

- To create awareness of the insurance broker's role to the public;
- To enhance the technical knowledge of fellow members and build a high level of competency and professionalism;
- To encourage and help members to follow insurance courses and obtain professional qualifications;
- To maintain goodwill and mutually beneficial relationships with the Regulator, insurers and the public.

Sri Lanka Insurance Institute (SLII)

The Sri Lanka Insurance Institute (SLII) which was established in 1982 is a non-profit making organization whose main objective is to develop the skills and knowledge of persons who are in the insurance business. Funding for SLII is through contributions made by insurers and annual subscriptions from its members.

The main objectives of SLII are:

To provide and maintain a central organization for the promotion of efficiency, progress and general development among persons engaged or employed in insurance, whether members of the SLII or not, with a view not only to their own advantage but to rendering the conduct of such business more effective, and to instill and maintain professionalism in the industry;

To conduct courses leading to Diploma and Certificate qualifications in order to develop knowledge on insurance. Conduct examinations to encourage and assist the professional study of any subject bearing on any branch of insurance through any recognized Educational institutions;

To hold conferences and meetings for the discussion of professional affairs, interests and duties, the reading of papers and delivery of lectures; to compile lists, registers and records of events and proceedings of interest to the members;

To exercise professional supervision and control over the members of SLII to safeguard their interests and welfare, to further their advancement, and to promote whatever may lead to the improvement of the status of insurance officials in general and the members of SLII in particular;

SLII is affiliated to the Chartered Insurance Institute of London and administers the examinations of professional bodies such as the Chartered Insurance Institute in London, Insurance Institute in India and the Actuarial Society of India. The Institute conducts short term diploma courses in insurance to persons employed in the insurance industry;

The Board has entrusted the Institute with the responsibility of conducting the pre-recruitment tests for persons who wish to be appointed as insurance agents. The Institute continues to conduct pre-recruitment tests in respect of both classes of insurance business.

International Association of Insurance Supervisors (IAIS)

As a member of the International Association of Insurance Supervisors (IAIS), the Board regularly receives publications, guidelines such as insurance core principles, and information on the activities of IAIS. Some of the core principles recommended by the IAIS are adopted by the Board for effective supervision and monitoring of the insurance industry in Sri Lanka.

Statistical Review

An Overview of the Insurance Industry

The Sri Lankan insurance industry recorded a growth of 5.14% in 2014 by generating a Gross Written Premium (GWP) amounting to Rs. 99,872 million. This is a relatively lower growth rate compared to 8.97% experienced in 2013. This lower growth rate was particularly evident from the decline in the growth of general insurance business which recorded a growth rate of 3.66% compared to 7.28% recorded in 2013. GWP of long term insurance business also experienced a slowdown in growth in 2014 and grew by only 7.04% compared to 11.20% recorded in 2013.

The Gross Domestic Product (GDP) of the Sri Lankan economy steadily increased by 7.40% in 2014 compared to 7.20% recorded in 2013 which was mainly attributed to the substantial increases in the GDP of the industrial and services sectors. As reflected in Table 1, GDP of the economy has increased to Rs. 9,785 billion in 2014 compared to Rs. 8,674 billion recorded in 2013 mainly due to the monetary policy exercised by the Central Bank of Sri Lanka which resulted in a decline in interest rates and inflation and overall improvement in macroeconomic factors. Further, gradual improvement of the global economy following the 2008-2012 financial crisis, decline in oil prices during the latter part of 2014, etc. had favorable effects on the Sri Lankan economy.

GWP generated from long term and general insurance businesses in 2014 amounted to Rs. 99,872 million (2013: Rs. 94,987 million) as depicted in Table 1. GWP generated from the long term insurance

business amounted to Rs. 44,610 million in 2014 (2013: Rs. 41,676 million) while general insurance business generated GWP amounted to Rs. 55,262 million (2013: Rs. 53,311 million) indicating declining growth rates for both classes against the previous year. Strike, Riot, Civil Commotion & Terrorism (SRCC & T) premium pertaining to general insurance business amounted to Rs. 3,491 million in 2014 (2013: Rs. 2,957 million) and therefore GWP of general insurance business inclusive of SRCC & T premium amounted to Rs. 58,753 million in 2014 (2013: Rs. 56,268 million).

Insurance penetration which reflects the total insurance premium as a percentage of GDP was recorded at 1.02% in 2014 and indicated a decline compared to 1.10% recorded in 2013. Penetration level of long term insurance business was 0.46% in 2014 (2013: 0.48%) while penetration level of general insurance business was recorded at 0.56% in 2014 (2013: 0.61%) with both classes indicating a decline in penetration levels. Low growth rates and low penetration levels recorded for both long term and general insurance businesses reflect the greater need to promote benefits of insurance among all segments of the society and to develop and offer insurance products which meet diverse needs of customers.

Insurance density which represents the insurance premium income per person of the population has increased to Rs. 4,831 in 2014 from Rs. 4,637 recorded in 2013, growing by 4.18% mainly due to increased premium income against insignificant increase in the population.

1. Strike, Riot, Civil Commotion and Terrorism (SRCC & T) premium income of NITF has not been considered for insurance companies' general insurance GWP from year 2010.
2. Above analysis does not include information of NITF since required complete information was not submitted to the Board.

Statistical Review Contd...

Total Assets of Insurance Companies

As reflected in Table 2, total assets of insurance companies after eliminating inter segment transactions amounted to Rs. 406,827 million as at 31st December 2014 (2013: Rs. 357,465 million) posting a growth rate of 13.81% compared to 2013. As reflected in Table 2 assets of insurance companies had grown steadily from 2010 to 2014.

Assets of long term insurance business stood at Rs. 249,850 million as

at 31st December 2014 (2013: Rs. 216,275 million) and grew by 15.52% in 2014 compared to 2013. Assets pertaining to general insurance business and shareholders amounted to Rs. 163,834 million as at 31st December 2014 and grew by 10.39% in 2014 compared to assets worth of Rs. 148,410 million recorded as at 31st December 2013.

Chart 1 depicts the total assets of insurance companies, growth rates of assets and value of intersegment assets from 2010 to 2014.

Statistical Review Contd...

Distribution of Assets of Insurance Companies

The distribution of assets among insurance companies under long term insurance and general insurance / shareholders segments as at 31st December 2014 and 31st December 2013 is illustrated in Table 3. Total assets of insurance companies as at 31st December 2014 amounted to Rs. 406,827 million (2013: Rs. 357,465 million) after eliminating an inter-segment asset balance of Rs. 6,857 million (2013: Rs. 7,221 million).

Similar to previous year, SLIC held the largest portion of the insurance industry's assets and accounted for 39.81% of total assets of insurance companies in 2014 (2013: 40.20%) with assets worth of Rs. 161,967 million (2013: Rs. 143,693 million). In 2014 SLIC held assets worth of Rs. 90,804 million under long term insurance business (2013: Rs. 79,519 million) while general insurance business and shareholders accounted for assets worth of Rs. 71,162 million (2013: Rs. 64,174 million). It was

notable that assets of both classes of insurance business of SLIC had recorded double digit growth in 2014.

Ceylinco held the second largest asset portion of the insurance industry as at 31st December 2014 by accounting for 22.63% of total assets (2013: 22.82%) followed by AIA which held 11.72% of assets (2013: 12.35%). Assets owned by Ceylinco amounted to Rs. 92,078 million as at 31st December 2014 (2013: Rs. 81,574 million) whilst AIA held assets worth of Rs. 47,666 million (2013: Rs. 44,158 million). UAL and Janashakthi accounted for 8.71% and 4.95% of total assets and claimed fourth and fifth places in terms of asset ownership in the insurance industry as at 31st December 2014. It is interesting to note that 87.82% of total assets of insurance companies were concentrated among five companies as at 31st December 2014 while the remaining 12.18% of assets were owned by the other fifteen companies.

Chart 2

Company-wise Analysis of Concentration of Assets as at 31st December 2014

Shareholders' Funds of Insurance Companies

Total shareholders' funds of insurance companies had increased to Rs.112,000 million as at 31st December 2014 from Rs. 94,950 million recorded as at 31st December 2013. This has been a significant growth of 17.96% compared to 2013.

As illustrated in Table 4, total shareholders' funds comprised of stated capital amounted to Rs. 22,547 million and reserves worth of Rs. 89,453 million as at 31st December 2014. Similar to 2013, SLIC had accounted for more than half of the entire shareholders' funds as at 31st December

2014 by accounting for 56.19% of the total insurance industry's shareholders' funds. Ceylinco and UAL accounted for 15.83% and 5.54% of total shareholders' funds respectively and claimed the second and the third positions in 2014. Fourth and fifth largest shareholders' fund values were recorded by Janashakthi and AIA in 2014 and owned 4.65% and 4.32% of total insurance industry's shareholders' funds respectively. It is noteworthy that insurance companies who held the five largest portions of shareholders' funds accounted for 86.53% of the total shareholders' funds belonged to all insurance companies in 2014 (2013: 87.18%).

Distribution of Total Assets of Major Financial Sectors

Total assets of major financial sectors of the economy increased to Rs. 12,041.2 billion as at 31st December 2014 from Rs. 10,320.2 billion recorded as at 31st December 2013 by 16.68%. As depicted in Table 5, banking sector accounted for 70.0% of the total assets with assets worth of Rs. 8,436.4 billion as at 31st December 2014 reflecting its dominance in the financial sector. Contractual savings institutions accounted for

15.5% of total assets of the financial sector in 2014 by recording assets worth of Rs. 1,866.1 billion (2013: Rs. 1,640.8 billion). Other deposit taking financial institutions and specialized financial institutions owned assets worth Rs. 892 billion and Rs. 439.9 billion respectively as at 31st December 2014 and accounted for 7.4% and 3.7% assets of the financial sector respectively. Insurance companies had assets worth of Rs. 406.8 billion as at 31st December 2014 (2013: Rs. 357.5 billion) and accounted for 3.4% of the assets of the financial sector.

Chart 3

Distribution of Total Assets of Major Financial Sectors as at 31st December 2014

Analysis of Branches, Employees and Agents of Insurance Companies

Insurers adopt various distribution channels to reach customers with numerous insurance needs across the country. Direct marketing, branch network, brokering companies and agency distribution play a key role in the traditional marketing structure of insurers while innovative distribution channels such as online marketing and services offered to customers through telecommunication providers also play a significant part in expanding their business.

As reflected in Table 6 insurance companies operated 1,462 branches in the country as at 31st December 2014, an increase of 6.02% compared to 1,379 branches operated in 2013. There were 487 branches situated in the Western province as at 31st December 2014 compared to 489 branches as at 31st December 2013. Almost one third of the total number of branches of the country was situated in the Western province reflecting the high level of concentration of insurance business in the Western province. Southern and Central provinces had the second and third largest branch network with 191 and 159 branches respectively while Uva province had the least number of branches which amounted to 76.

Insurance companies collectively employed 16,134 employees as at 31st December 2014 (2013: 13,764) with 10,780 employees located

in the Western province representing 66.82% of total employees of all insurance companies (2013: 62.58%). Southern and Central provinces stationed the second and third highest number of employees with 1,137 and 941 employees respectively as at 31st December 2014. Lowest number of employees was located in the Northern province which amounted to 400 and represented only 2.48% of total employees of insurance companies.

Total number of agents attached to all insurance companies amounted to 42,958 as at 31st December 2014 indicating an increase of 11.19% compared to 38,635 agents employed as at 31st December 2013. Largest number of agents was located in the Western province which amounted to 16,578 agents as at 31st December 2014 (2013: 14,618) and represented 38.59% of the total agents of insurance companies. Least number of agents was located in the Uva province which amounted to 2,197 agents as at 31st December 2014 reflecting a slight decline of 4.23% compared to 2,294 agents reported as at 31st December 2013. The notable fact illustrated by Table 6 is the high level of concentration of branches, employees and agents in the Western province when compared to other provinces of the island.

Statistical Review Contd...

Distribution Channels of Insurance Companies

Similar to previous years, agents continued to be the key distribution channel used to reach customers of long term insurance business in 2014. Agents accounted for 91.80% of the total GWP of long term insurance business generated in 2014 almost similar to their contribution of 91.12% in 2013. As depicted in Chart 5, distribution channels such as bancassurance, direct marketing, other channels and brokers did not generate substantial GWP amounts of long term insurance business and accounted for only 3.03%, 2.99%, 1.71% and 0.47% respectively in 2014.

Distribution channels such as direct marketing, agents, brokers, and

other distribution channels play important roles in reaching the general insurance customers as opposed to long term insurance business where agents play the dominant role. As depicted in Chart 5, direct marketing had generated 34.70% of GWP of general insurance business followed by agents, brokers, other distribution channels and bancassurance which represented 27.82%, 19.51%, 15.15% and 2.82% respectively in 2014. It is noteworthy that GWP generated through direct marketing, agents and other distribution channels have increased in 2014 compared to 2013 although premiums generated through brokers and bancassurance have decreased.

Long Term Insurance Business

Gross Written Premium

In 2014, long term insurance business had generated GWP worth of Rs. 44,610 million (2013: Rs. 41,676 million) as reflected in Table 7. The long term insurance market has recorded slow growth of 7.04% in 2014 compared to 11.20% growth recorded in 2013.

Ceylinco has continued to maintain its dominance in the long term insurance market by generating GWP of Rs. 12,003 million in 2014 (2013: Rs. 11,123 million) and accounted for 26.91% of the total GWP. SLIC and AIA claimed the second and third positions in the market in 2014 similar to the previous year by recording GWP worth of Rs. 8,121 million (2013: Rs. 8,398 million) and Rs. 7,267 million (2013: Rs. 6,863 million) with market shares of 18.20% and 16.29% respectively. SLIC's

market share has dropped by 1.95% in 2014 compared to 20.15% recorded in 2013. UAL and Asian Alliance had earned GWP worth of Rs. 5,945 million (2013: Rs. 5,515 million) and Rs. 3,048 million (2013: Rs. 2,520 million) respectively to become the fourth and fifth largest GWP generators in the long term insurance sector similar to the previous year by achieving market shares of 13.33% and 6.83%. The top five GWP contributors have collectively accounted for 81.56% (2013: 82.59%) of the total long term insurance GWP in 2014. There was a noticeable growth in GWP of new player LOLC (115.58%) in 2014 when compared to 2013. Chart 6 analyses the company-wise market share of GWP pertaining to long term insurance business.

Assets of Long Term Insurance Business

Concentration of assets of long term insurance business among different asset categories as at 31st December 2014 is reflected in Table 9 and Chart 9.

Rs. 111,600 million (2013: Rs. 93,539 million) has been invested in government securities out of the total assets worth of Rs. 249,850 million (2013: Rs. 216,275 million). This accounted for 44.67% (2013: 43.25%) of the total assets of long term insurance business. Throughout the year, the Board ensured that insurers comply with the minimum statutory investment of 30% of long term insurance fund in government securities as required under the Act. Furthermore insurance companies are required to invest balance assets of long term insurance fund in accordance with Determination No. 1 of 2011 and the Board ensured compliance with same during the year under review.

In the year 2014, a trend towards investments in corporate debt

instruments continued. There was an increase in corporate debt investments up to Rs. 40,478 million (2013: Rs. 32,944 million) in 2014 compared to the previous year. This represented 16.20% (2013: 15.23%) of the total assets and became the second largest investments instrument of long term insurance business pushing the deposits to third position.

Investments in deposits amounted to Rs. 38,032 million (2013: Rs. 40,806 million) and accounted for 15.22% (2013: 18.87%) of total assets. Equity investments amounted to Rs. 31,729 million (2013: Rs. 24,606 million) and accounted for 12.70% (2013: 11.38%) of total assets.

Main investments categories namely government securities, corporate debt and deposits collectively accounted for 76.09% (2013: 77.35%) of the total assets of long term insurance business and the balance assets were held in equities, land and building, unit trusts, etc.

Concentration of Assets as at 31st December 2014 - Long Term Insurance Business

Statistical Review Contd...

Investment Income of Long Term Insurance Business

As depicted in Table 10, total investment income generated from investments of long term insurance business amounted to Rs. 26,081 million in 2014 (2013: Rs. 21,492 million). Average investments of long term insurance business in 2014 amounted to Rs. 221,918 million (2013: Rs. 194,653 million).

In 2014, average amount of investment in government debt securities which represented the largest portion of average investments amounted to Rs. 102,570 million (2013: Rs. 95,843 million) and generated an investment yield of 11.17% (2013: 12.47%) which represented a decline in investment yield compared to 2013. Investment income generated from equities aggregated to Rs. 3,970 million (2013: Rs. 888 million) in 2014 and reflected an investment yield of 14.10%. (2013: 3.48%). This includes capital gains of Rs. 3,041 million (2013: capital losses

of Rs. 129 million) and dividend income of Rs. 930 million (2013: Rs. 1,017 million). Investment income of corporate debts amounted to Rs. 4,601 million in 2014 (2013: Rs. 2,544 million) with an investment yield of 12.53% which had increased compared to the yield of 11.01% recorded in 2013.

Deposits generated an investment income of Rs. 4,673 million (2013: Rs. 5,826 million) including interest income of Rs. 4,448 million from bank deposits (2013: Rs. 5,666 million) and Rs.224 million from finance companies (2013: Rs. 160 million). Interest income from average investment in deposits generated an investment yield of 11.85% to insurance companies in 2014 compared to 16.05% earned in 2013 which reflects reduction of interest rates during 2014. Unit trusts and policy loans generated relatively high and moderate investment returns in 2014 with investment yield ratios of 23.74% (2013: 5.29%) and 8.14% (2013: 2.20%) respectively.

Statistical Review Contd...

General Insurance Business

Gross Written Premium

The total GWP generated by insurance companies engaged in general insurance business amounted to Rs. 55,262 million in 2014 compared to Rs. 53,311 million in 2013, up by 3.66 % as depicted in Table 12. This lower growth rate was mainly due to slow growth experienced in marine, miscellaneous and motor insurance businesses and the negative growth recorded in fire insurance business. Most classes of general insurance business remained price competitive with insurance companies competing for market share.

Insurance companies have confirmed that the SRCC & TC premium in respect of general insurance business has amounted to Rs. 3,491 million in 2014 (2013: Rs. 2,957 million) and therefore GWP of general insurance business inclusive of SRCC & TC premium amounted to Rs. 58,753 million in 2014 (2013: Rs. 56,267 million).

Similar to previous years SLIC achieved the largest market share of the general insurance market by accounting for 21.92% of the total GWP (2013: 23.54 %) which amounted to Rs. 12,114 million (2013: Rs. 12,550 million). However SLIC's market share has decreased marginally by 1.62% in 2014 when compared to 2013.

Ceylinco remained in the second position of the general insurance market in 2014 with a market share of 19.49% (2013: 19.34%) and generated GWP worth of Rs. 10,773 million (2013: Rs. 10,311 million) which reflected a marginal increase in GWP compared to 2013.

Janashakthi generated GWP worth of Rs. 6,492 million in 2014 (2013: Rs. 6,319 million) to achieve the third largest market share of 11.75% (2013: 11.85%). UAL and People's generated GWP worth of Rs. 4,951 million (2013: Rs. 5,117 million) and Rs. 3,286 million (2013: Rs. 3,085 million) respectively to claim the fourth and the fifth largest market shares of 8.96% (2013: 9.60%) and 5.95% (2013: 5.79%) respectively. UAL's GWP has decreased in 2014 compared to 2013 though People's GWP had increased in 2014 compared to 2013.

In 2014, the five insurance companies which claimed the top five positions in terms of market share in the general insurance business had collectively accounted for 68.07% of the total industry GWP (2013: 70.12%) which indicated a marginal decrease in the concentration of GWP among the said companies. It is noteworthy that most of the medium and small sized players of the general insurance market had been able to increase their market share in 2014 compared to 2013.

Chart 12 illustrates the company-wise market share of GWP of general insurance business achieved by insurance companies in 2014.

Market Share of Top Five Contributors to Gross Written Premium and Other Insurers - General Insurance Business

Chart 13 depicts the market share recorded by the top five contributors to GWP of general insurance business and GWP generated by the other insurance companies from 2010 to 2014. SLIC remained in the number one position in the general insurance market in 2014 similar to previous years. However SLIC's market share fell to 21.92% in 2014 from 23.54% recorded in 2013 and as depicted in Chart 13, SLIC's market share has gradually decreased from 2011. Ceylinco has secured the second position in the general insurance market in 2014 with a market share of 19.49%. Janashakthi had secured the third position in the market and

achieved a market share of 11.75% in 2014. However market share of Janashakthi had declined marginally in 2014 compared to 2013. UAL had remained in the fourth position in the general insurance market since 2010 and their market share amounted to 8.96% in 2014. People's accounted for a market share of 5.95% in 2014 and achieved the fifth position in the market. Further, People's market share has increased gradually during the past five years. It is notable that the market share of the other insurance companies had increased during the past five years indicating the increase in the GWP generated by companies other than the top five contributors to GWP.

Class-wise Analysis of Gross Written Premium - General Insurance Business

Table 13 and Chart 14 depict gross written premium generated from the main sub-classes of general insurance business along with their growth rates and percentage share from the total GWP of general insurance business for the period from 2010 to 2014. Fire, marine, motor and miscellaneous insurance constitute the main sub-classes of general insurance business.

As reflected in Table 13 motor insurance had dominated the general insurance market by generating GWP amounted to Rs. 34,945 million in 2014 (2013: Rs. 33,157 million) which represented 63.24% of total GWP of general insurance business. Motor insurance had grown by 5.39% in 2014 over 2013.

In 2014, miscellaneous insurance business accounted for 22.19% of the total GWP (2013: 22.61%) of general insurance business by posting GWP worth of Rs. 12,262 million (2013: Rs. 12,054 million) indicating a marginal growth of 1.73% compared to 2013. Similar to previous years miscellaneous insurance represented the second largest sub-class of general insurance business in 2014.

GWP of fire insurance business amounted to Rs. 6,242 million in 2014 (2013: Rs. 6,304 million) and accounted for 11.29% of the total GWP (2013: 11.82%). GWP generated from fire insurance has reduced in 2014 compared to 2013 and posted a negative growth of 0.97%. Marine insurance generated GWP amounted Rs. 1,812 million in 2014 (2013: Rs. 1,796 million) and accounted for 3.28% of the total GWP in 2014 (2013: 3.37%) growing by only 0.87% compared to 2013.

Category - wise Analysis of GWP of Miscellaneous Insurance Business

Table 14 depicts the GWP generated from different insurance segments categorized under miscellaneous insurance business during the years 2014 and 2013. Total GWP generated from miscellaneous insurance excluding SRCC & TC and coinsurance premium amounted to Rs. 12,262 million in 2014 (2013: Rs. 12,054 million). Health and surgical, personal accident, air craft hull, title, cash in transit, etc. were some of the main insurance segments categorized under miscellaneous insurance

products. Health and surgical was the segment which generated the highest GWP under miscellaneous insurance business which amounted to Rs. 6,397 million in 2014 (2013: Rs. 5,875 million) which represented 50.26% of total GWP inclusive of SRCC & TC and coinsurance premium. Health and surgical category has grown by 8.89% in 2014 compared to 2013 reflecting the growing demand for health and surgical insurance products. Other insurance categories of miscellaneous insurance business had increased to Rs. 2,072 million in 2014 by 19.63% compared to GWP worth of Rs. 1,732 million generated in 2013.

Statistical Review Contd...

Gross Written Premium, Reinsurance Premium and Retention by Insurers - General Insurance Business

Table 15 and Chart 15 depict the GWP generated by insurance companies, reinsurance premium ceded to reinsurers and the retention levels of main classes of general insurance business from 2010 to 2014. In 2014, Rs. 9,259 million had been ceded to reinsurers (2013: Rs. 9,387 million) out of the total GWP of Rs. 55,262 million generated by general insurers (2013: Rs. 53,311 million) which had resulted in an overall retention ratio of 83.25% (2013: 82.39%).

Similar to previous years, the highest retention ratio was recorded in motor insurance business which amounted to 98.28% in 2014 (2013: 97.39%) reflecting the higher level of risk borne by insurance companies. Premiums ceded to reinsurers for motor insurance has reduced significantly in 2014 by 30.44% and amounted to Rs. 601 million compared to Rs. 864 million recorded in 2013.

Miscellaneous insurance recorded the second highest retention ratio which amounted to 79.36% in 2014 (2013: 77.60%) and indicated an

increase of 1.76%. Premiums ceded to reinsurers for miscellaneous insurance has reduced to Rs. 2,531 million in 2014 from Rs. 2,700 million recorded in 2013 by 6.28% which has contributed to the increase in the retention ratio.

The retention ratio of marine insurance had decreased to 40.64% in 2014 compared to 44.39% recorded in 2013. Reinsurance premiums ceded to reinsurers in respect of marine insurance has increased to Rs. 1,076 million in 2014 from Rs. 999 million recorded in 2013 by 7.67% which has contributed to the decrease in the retention ratio.

Similar to previous years fire insurance recorded the lowest retention ratio in 2014 which amounted to 19.08% and indicated a decrease compared to the retention ratio of 23.48% recorded in 2013. A drop in retention ratio indicated the high level of reliance placed on reinsurance for fire insurance business in 2014.

Statistical Review Contd...

Net Earned Premium, Net Claims Incurred, Net Claims Ratio, Net Expenses Ratio and Net Combined Ratio - General Insurance Business

Net earned premium generated from main sub-classes of general insurance business increased to Rs. 44,233 million in 2014 from Rs. 42,036 million generated in 2013 by 5.23% as depicted in Table 16. Motor insurance business recorded the highest net earned premium which amounted to Rs. 33,031 million and reflected 74.68% of total net earned premium recorded in 2014.

Total net claims incurred during 2014 amounted to Rs. 28,935 million indicating an increase of 13.16% compared to Rs. 25,570 million recorded in 2013. Motor insurance business accounted for 73.83% of total net claims incurred in 2014 by recording claims amounted to Rs. 21,363 million (2013: Rs. 19,398 million).

Net claims ratio which reflects net claims as a percentage of net earned premium was highest for fire insurance business in 2014. Net claims ratio of fire insurance business has increased to 69.72% in 2014 from 57.64% recorded in 2013. Though net claims incurred for fire insurance business had decreased in 2014 compared to 2013, net earned premium of fire insurance business had decreased at a higher rate which has resulted in the higher net claims ratio.

Miscellaneous insurance business also recorded a net claims ratio of 69.40% in 2014 which was higher than the net claims ratio of 57.37% recorded in 2013. Though net earned premium of miscellaneous

insurance business had increased to Rs. 9,470 million in 2014 from 8,592 million recorded in 2013 by 10.22%, net claims incurred for miscellaneous insurance business had increased significantly by 33.33% in 2014 which had resulted in the higher net claims ratio.

Motor insurance business recorded a net claims ratio of 64.68% in 2014 and reflected an increase over 62.11% recorded in 2013. Net claims incurred for motor insurance business has increased by 10.13% in 2014 although its net earned premium has only increased by 5.76% which has resulted in the increase in net claim ratio of motor insurance business in 2014.

Net claims ratio of marine insurance business has significantly dropped to 40.22% in 2014 from 53.71% recorded in 2013 due to the significant drop of 34.70% in net claims incurred in 2014.

As reflected in Table 16 and Chart 16 net expenses incurred by general insurance sector amounted to Rs. 19,569 million in 2014 (2013: Rs. 17,360 million) increasing by 12.72% in 2014. The overall net expense ratio of general insurance business has also increased to 44.24% in 2014 compared to 41.30% recorded in 2013. Net combined ratio which reflects the aggregate of net claims ratio and net expense ratio had increased to 109.66% from 102.13% recorded in 2013. A combined ratio exceeding 100% reflects that the total claims and expenses incurred by the general insurance sector had been higher than the earned premium.

Number of Policies Representing Gross Written Premium - General Insurance Business

Table 17 reflects the number of insurance policies pertaining to different sub-classes of general insurance business which had contributed to generate GWP from 2010 to 2014. The total number of general insurance policies related to all sub-classes of general insurance business has increased to 4,589,139 in 2014 from 4,327,860 policies reported in 2013. As depicted in Table 17 total number policies of general insurance

business had increased gradually during the past five years and motor insurance business accounted for the largest number of policies from a single sub-class of general insurance business representing 87.31% of total policies. The total number of motor insurance policies amounted to 4,006,740 in 2014 which consisted of 2,229,170 third party insurance policies and 1,777,570 comprehensive insurance policies.

Insurance policies of fire, marine and miscellaneous insurance businesses had increased in 2014 compared to 2013. However insurance policies of workmen compensation had decreased in 2014 compared to 2013.

Statistical Review Contd...

Assets of General Insurance Business and Shareholders

Total assets of general insurance business including shareholders' assets amounted to Rs. 163,834 million as at 31st December 2014 and recorded a growth of 10.39% compared to assets worth of Rs. 148,410 recorded as at 31st December 2013.

As reflected in Table 18 and Chart 17, equities accounted for 28.81% of the total asset portfolio of general insurance business as at 31st December 2014 and amounted to Rs. 47,194 million. This has been an increase of 34.94% compared to the previous year's investment in equities which amounted to Rs. 34,974 million reflecting insurers' preference to invest in the stock market during 2014.

Government securities represented the second largest asset category in general insurance business and accounted for 15.56% of total assets as at 31st December 2014. Investments in government securities amounted to Rs. 25,496 million as at 31st December 2014 and recorded a significant drop of 9.47% compared to Rs. 28,163 million recorded as at 31st December 2013 mainly due to further decline in interest rates

during 2014. Throughout the year the Board ensured that insurance companies invest at least 20% of investments of Technical Reserves in government securities as stipulated by the Act and the remaining assets in accordance with Determination 1.

Other assets were the third largest asset category of general insurance business and shareholders which represented 13.44% of total assets as at 31st December 2014 and amounted to Rs. 22,018 million as at 31st December 2014 increasing marginally over Rs. 21,110 million recorded as at 31st December 2014.

Deposits in banks and finance companies represented 12.33% of total assets as at 31st December 2014 and amounted to Rs. 20,200 million (2013: Rs. 18,956 million) which recorded a growth of 6.56% compared to 2013.

Premium receivables, land and buildings and corporate debts were the other main asset categories of general insurance business and shareholders which accounted for 8.32%, 6.81% and 4.62% of total assets respectively as at 31st December 2014.

Statistical Review Contd...

Chart 17

Concentration of Assets of General Insurance Business and Shareholders - 31st December 2014

Statistical Review Contd...

Investment Income of General Insurance Business and Shareholders

Table 19 depicts the investment income, average investments and investment yield ratios of different asset categories of general insurance business and shareholders for the years 2013 and 2014.

Average investments of general insurance business and shareholders amounted to Rs. 108,981 million in 2014 which had increased by 10.58% compared to Rs. 98,554 million recorded as at 31st December 2013. The total investment income generated from the said investments amounted to Rs. 8,211 million in 2014 (2013: Rs. 7,502 million) and resulted in an overall investment yield of 7.53% slightly lower than the 7.61% recorded in 2013.

Average investment in equities amounted to Rs. 41,084 million in 2014 (2013: Rs. 34,385 million) and continued to be the largest investment category of general insurance business and shareholders. The investment income generated from equities amounted to Rs. 2,044 million in 2014 (2013: Rs. 1,217 million) which included capital gains of Rs. 984 million and dividends worth of Rs. 1,060 million. Investment yield of equities amounted to 4.98% which was higher than the investment yield of 3.54% recorded in 2013. This has been particularly due to the boom in the stock market during 2014 which induced insurers to increase their investments in equities.

Average investments in government securities amounted to Rs. 26,829 million in 2014 and recorded a decline of 7.11% when compared to Rs.

28,883 million worth of average investments recorded in 2013. Investment income generated from government securities amounted to Rs. 2,520 million and reflected a decrease compared to Rs. 2,942 million recorded in 2013. The investment yield generated from government securities amounted to 9.39% in 2014 and recorded a decrease compared to 10.91% investment yield ratio recorded in 2013 which was mainly attributable to the further drop in interest rates during 2014.

Average investment in deposits in banks and finance companies amounted to Rs. 19,578 million in 2014 and recorded a significant growth of 23.57% compared to Rs. 15,844 million recorded in 2013. Deposits generated an investment income of Rs. 1,632 million in 2014 and recorded a significant drop of 18.60% when compared to Rs. 2,005 million recorded in 2013. Investment income of deposits in 2014 included interest income worth of Rs. 1,387 million received from bank deposits (2013: Rs. 1,845 million) and Rs. 245 million worth interest received from finance companies (2013: Rs. 160 million). Investment yield of deposits amounted to 8.34 % in 2014 and recorded a drop when compared to the investment yield of 12.65% generated in 2013 corresponding to the decrease in interest rates during 2014.

Further, during 2014 corporate debts, land and buildings, unit trusts and other investments generated investment yield ratios of 13.37%, 0.07%, 14.39% and 56.78% respectively. However investments in gold generated a negative investment yield of 3.49% in 2014 due to the drop in gold prices during 2014.

Solvency Position of Insurance Companies - General Insurance Business

Table 20 illustrates the solvency ratio and Technical Reserve details recorded by individual general insurance companies as at 31st December 2013 and 31st December 2014. The average solvency ratio recorded by general insurers amounted to 2.39 as at 31st December 2014 and reflected a slight decline compared to the solvency ratio of 2.75

recorded as at 31st December 2013. Technical reserves of all general insurers collectively amounted to Rs. 38,569 million as at 31st December 2014 and recorded an increase of 7.96% compared to Rs. 35,724 million recorded as at 31st December 2013. All general insurers were able to satisfy the minimum required solvency ratio of 1 as at 31st December 2014 and the Board scrutinized the solvency position of all insurance companies throughout the year.

Details of New, Renewed and Policies in Force – General Insurance Business

Table 21 depicts details of new insurance policies, renewed policies and policies in force for 2013 and 2014 for different sub-classes of general insurance business. The total number of policies in force pertaining to all sub-classes of general insurance business amounted to 4,445,458 policies in 2014 (2013: 4,311,694) and increased by 3.10% compared to 2013. New policies issued during 2014 amounted to 1,966,945 policies (2013: 1,844,386) while 2,601,640 policies were renewed in 2014 (2013: 2,435,007).

Motor insurance represented the largest number of insurance policies in force as at end of 2014 by recording 3,870,083 policies (2013: 3,774,571)

which comprised of 2,225,766 third party policies (2013:2,273,047) and 1,644,317 comprehensive policies (2013: 1,501,524). The total motor insurance policies in force had increased by only 2.53% in 2014 over 2013.

Fire insurance policies in force had reduced to 181,907 policies in 2014 from 196,386 policies recorded in 2013 indicating a decline of 7.37%. Marine insurance policies in force had increased to 157,371 in 2014 from 131,201 policies recorded at the end of 2013 increasing by 19.95%. Miscellaneous insurance policies in force including workmen compensation had increased to 236,097 policies in 2014 by 12.68% when compared to 209,536 policies recorded in 2013.

Insurance Brokering Companies

Performance of Insurance Brokering Companies

During 2014, fifty nine insurance brokering companies operated in the market and generated a Gross Written Premium (GWP) amounting to Rs.14,716 million. Accordingly, total GWP generated through insurance brokering business recorded a growth of 2.34% in 2014 when compared to Rs.14,380 million generated in 2013. This total GWP consisted of premium income generated through long term insurance business and general insurance business which amounted to Rs.158 million and Rs.14,559 million respectively. Out of the total GWP generated through insurance brokering companies 98.93% represented GWP of general insurance business and only 1.07% represented GWP of long term insurance business.

Similar to previous years, insurance brokering companies' contribution towards long term insurance business was insignificant in 2014 and only 0.35% of the total GWP of long term insurance business (Rs.44,610

million) was generated from brokering companies. Insurance brokering companies have generated 24.78% of the total GWP of general insurance business which amounted to Rs.58,753 million (including SRCC & T premium).

In 2014, twenty three insurance brokering companies procured GWP exceeding Rs.100 million each and these insurance brokers collectively generated GWP amounted to Rs.13,691 million. The remaining thirty six insurance brokering companies generated Rs. 1,025 million as depicted in Table 22.

Chart 18 depicts GWP generated through insurance brokering companies in respect of long term and general insurance businesses and their contribution to total GWP during the period 2005 to 2014.

Review of Operations

Supervisory Review Insurance Companies

1. Review of Returns

a) Annual Statutory Returns, Audited Financial Statements and Actuarial Reports

Insurers are required to submit their Annual Statutory Returns and Audited Financial Statements to the Board within six months following the end of the financial year as per the provision of the Act. Further the insurers who are engaged in long term insurance business are required to submit an Actuarial Report and an Abstract along with their Annual Statutory Return in terms of the Act.

The Board monitored the timely submission of the returns and scrutinized them for accuracy and compliance with the provisions of the Act and other Rules and Regulations of the Board. Further assistance of Consultant Actuary is obtained to review Actuarial Reports and Abstracts. Deviations from statutory requirements observed during the review are advised to rectify within stipulated deadlines. Follow up actions are taken by the Board to ensure that insurers comply with the provisions of the Act, Rules and Regulations of the Board. In addition, the Board addressed material issues observed during the review of returns and at meetings and during onsite inspections conducted at respective companies.

b) Quarterly Returns

Insurance companies are required to submit their Quarterly Returns to the Board within forty five days of the end of each quarter as per the provisions of the Act. Returns submitted for all four quarters of 2014 were reviewed by the Board to assess and ensure their quarterly performance and compliance with relevant Rules and Regulations of the Act.

In order to evaluate the quarterly performance of each insurer the Board analyzed the returns based on premium income, underwriting profit and net profit for both long term and general insurance businesses. Further, a comprehensive ratio analysis on profitability, expenses and claims are carried out to assess the insurers' quarterly performance and compared against the ratios of previous quarters.

Also, the financial positions of every insurer for each quarter are analyzed by scrutinizing their asset and liability position and ratios such as solvency, liquidity and capital adequacy. Any non-compliance with the Act, Rules, Regulations and discrepancies observed during the review of quarterly returns are instructed for rectification and compliance within stipulated deadlines.

Insurers are required to submit two Compliance Certifications along with the Quarterly Returns to confirm that they comply with the provisions of Act, Rules and Regulations of the Board and the provision of the Financial Transactions Reporting Act, No. 6 of 2006. Further, insurers are required to submit details regarding their facultative reinsurance arrangement for all four quarters along with the Quarterly returns.

c) Monthly Returns

According to the directions issued by the Board, six insurance companies were required to submit monthly returns within fifteen days from the end of each month. The Board reviewed the monthly returns submitted by the companies, in order to ensure their financial position was in compliance with the Act, other Rules and Regulations. Where non-compliances and discrepancies were observed in the returns, the relevant companies were instructed to take appropriate action within stipulated timelines.

d) Risk Assessment Summary (RAS)

Insurers are required to submit their Risk Assessment Summary (RAS) to Board on or before 31st March of each year. The Board

Review of Operations Contd...

reviewed the information disclosed in the RAS pertaining to organizational structure and ownership, business profile, senior management, functions such as marketing and distribution, claims administration, risk management, etc. to obtain an overview of insurers' operations.

2. Monitoring Compliance with Solvency Margin Rules

According to the Solvency Margin (General and Long Term Insurance Business) Rules, insurers are required to maintain the minimum required solvency margins for both general and long term insurance businesses. Insurers need to submit their solvency margin computations together with Monthly, Quarterly and Annual Returns. The Board reviewed and analyzed such computations to ensure compliance with the Solvency Margin Rules. If Insurers are unable to fulfill the required Solvency Margin requirement or if the computations are inaccurate, the Board instructs them to take immediate action to comply with the Solvency Margin Rules and rectify the same within stipulated timelines.

3. Monitoring Compliance with Investment Specifications

a) Investment in Government Securities

As per section 25 of the Act, insurers are required to invest in government securities not less than 20% of the asset of the Technical Reserves and not less than 30% of the assets for the Long Term Insurance Fund. Investments in government securities are closely monitored by the Board to ensure compliance with section 25 of the Act on Monthly, Quarterly and Annual basis. The Board reviewed the Statements of Holding issued by the Central Bank of Sri Lanka in order to substantiate the accuracy and ownership of investment in government securities reported in the returns. Any non-compliance or deviations observed during the reviews are communicated to respective insurers for corrective action within stipulated timelines.

b) Other Investments as per Determinations

Every Insurer carrying on general insurance business or long term insurance business is required to invest the balance assets of Technical Reserve and the Long Term Insurance Fund in accordance with the Determination 1 of 1st March 2011 and its subsequent amendments. The Board reviewed the investments of the insurers to ensure compliance with Determination 1. If any non-compliance observed, the Board informs the respective insurers for necessary rectification within stipulated timelines.

4. Other Financial Analysis

The Board carries out further financial evaluations in respect of information received as part of the investigations/complaints handled by the Board. Additional financial information gathered in respect of complaints received are analyzed in order to facilitate the Board to arrive at decisions.

5. Review of Reinsurance Arrangements

As per Sections 31(1) and 50(1) of the Act insurers are required to furnish certified copies of reinsurance treaties, contracts and arrangements to the Board annually. The Board reviewed the said documents to ensure reinsurance covers are obtained from reinsurers who satisfy the rating requirements prescribed by the Board. Any non-compliance or deviations observed by the Board are informed to relevant Companies to take corrective action within stipulated timelines.

6. Risk Based Capital (RBC) Model for Insurance Industry Supervision

In 2009, the Board with the assistance of the World Bank and FIRST Initiative commenced developing a risk sensitive minimum capital (RBC) regime for supervision of the insurance sector in Sri Lanka instead of current rules based regime.

Review of Operations Contd...

The RBC Project comprises many phases. Many milestones have been achieved to date as planned. During the year 2014 RBC Project continued to progress. The mandatory parallel run for the implementation of RBC commenced in 2014. All insurance companies have submitted generic templates for life and general insurance businesses together with questionnaires for the four quarters in 2014, except National Insurance Trust Fund (NITF). Further, the Board organized a workshop in June 2014 with the collaboration of World Bank to educate the insurance industry on results of the first quarter of the parallel run and emerging challenges. The parallel run will continue until end of the year 2015 and all insurers are required to comply with the RBC requirements from the year 2016.

7. Onsite Inspections

During the year 2014 the Board conducted seven onsite inspections at insurance companies. Through these inspections the Board reviewed the operations, systems, policies and procedures of insurers to ensure compliance with the provision of the Act and other Rules and Regulations issued by the Board. Further, interviews were conducted with the senior officials of the insurers, Internal/External Auditors and the Actuaries in order to gather more information relating to insurers' operations, procedures and systems. According to the observations made during the onsite inspections the Board's recommendations were communicated to respective insurers for areas which needed improvements through onsite inspection reports. Further, appropriate actions were taken for violations observed during the inspection.

8. Submission of information to the Central Bank of Sri Lanka

Based on the information gathered from the Quarterly returns, the Board submitted financial information relating to the performance of the insurance industry on quarterly basis to the Financial System Stability Department of the Central Bank of Sri Lanka. In order to ascertain the performance of the insurance industry the Board analyzed premium income, profitability, liquidity, etc., for the year 2014.

9. Segregation of Composite Insurers

Section 53 of the Amendment Act, requires composite insurance companies to segregate the two classes of insurance businesses into two separate companies by February 2015. During the year 2014 the Board reviewed the proposals and applications submitted by twelve composite insurers to segregate their composite insurance business. In addition, observations were communicated to respective insurers as transfer of insurance business requires District Court approval.

10. Risk Based Supervision (RBS) Project

With the assistance of the World Bank and the FIRST Initiative the Board commenced implementation of Risk Based Supervision (RBS) project during 2013, with an objective of strengthening the supervisory function of the Board. The project is expected to complete in 2015. The RBS project is planned to enhance Board's supervisory capacity in the areas of Risk Based Supervision, reinsurance, reinsurers, loss adjustors, investments and investment linked products.

The deliverables under RBS have been agreed with the World Bank (WB) Consultants and the project is progressing.

Insurance Brokering Companies

1. Review of Quarterly Returns, Monthly Returns, Interim Financial Statements and Audited Financial Statements

Insurance brokering companies are required to submit their Quarterly Returns and Interim Financial Statements to the Board within Forty Five days of the end of each quarter in terms of the Gazette Notification No. 1642/16 (First Schedule) of 25th February 2010.

Most of the insurance brokering companies submitted their Quarterly Returns and Interim Financial Statements to the Board within the

Review of Operations Contd...

deadline. The Board reviewed the Quarterly Returns submitted by the companies, in order to ensure their financial position and compliance with the Act, other Rules and Regulations. Any non-compliance or deviations observed by the Board were informed to relevant brokering companies to take corrective action within stipulated timelines.

As per the directions issued by the Board, two insurance brokering companies were required to submit monthly returns within fifteen days from the end of each month.

Audited Financial Statements of Insurance brokering companies are required to be submitted within six months from the end of the financial year. The Board reviewed the Audited Financial Statements submitted. Any deviations from regulatory requirements were communicated to the respective insurance brokering companies for rectification.

2. Monitoring Premium Collections

As per section 89 of the Act, insurance premiums collected by insurance brokering companies on behalf of insurers should be remitted to respective insurers within two weeks of collection. The Board closely monitored insurance brokering companies for compliance with section 89 of the Act through quarterly returns and during the onsite inspections. Necessary actions are taken by the Board against such insurance brokering companies who did not comply with the said provision.

3. Onsite inspections

During the year 2014 the Board carried out eight on-site inspections at insurance brokering companies to assess compliance with the Rules and Regulations of the Board. According to the observations made during the onsite inspections the Board's recommendations were communicated to the relevant insurance brokering companies for corrective action. Further, appropriate regulatory actions have been taken by the Board for violations.

4. Renewal of Registration

The applications received from the insurance brokering companies seeking renewal of their licenses to carry out operations during the year 2015. The Board analyzed audited Financial Statements and quarterly returns to ascertain their financial position prior to taking action to renew.

Review of Operations Contd...

Regulatory Review

Registration of Insurance Companies

Board received 12 applications for registration and licence as insurers in compliance with section 53 of the Amendment Act, during the year and registration has been granted to 08 companies as insurers.

However, out of the 08 new companies registered, the Board has issued licenses to 07 of them with effect from 1st January 2015 and 01 company has been required to comply with capital requirements in order for the Board to issue license.

Appendix I: Provides names of all insurance companies licensed as at 31st December 2014 by the Board and the class/classes of insurance business they are authorized to carry on.

Registration of New Insurance Brokering Companies and Renewal of Registration of Insurance Brokering Companies

Board has temporarily stopped entertaining new applications for registration of persons as insurance brokers with effect from 27th April 2012. Accordingly, no new registrations have been granted to persons to operate as insurance brokers by during the year.

Applications from 58 insurance brokering companies seeking renewal of registration for year 2015 were received by the Board during the year, and renewal of registration was granted to all companies for the year 2015 in view of them fulfilling necessary requirements under the Act.

Appendix II: Provides names of all insurance brokering companies registered with the Board, the class/ classes of insurance brokering business they are permitted to carry on and the period of registration.

Enforcement Action

Insurance Companies

Suspensions

No suspensions were imposed by the Board during the year. However, the suspension imposed on Ceylinco Takaful Limited in year 2009 continues.

Following the Memorandum of Understanding signed between the Board and Ceylinco Takaful Limited, to initiate a procedure to dispose the assets owned by Ceylinco Takaful Limited for the purpose of settling genuine insurance claims of the company, Paper notices were published requesting claimants of Ceylinco Takaful Limited to forward their claims to the Board in writing. The assessment of the status of the claims was carried out during the year. The settlement of matters cannot be concluded immediately since there are ongoing cases against Ceylinco Takaful Limited. Further, there is only one active director remaining in the Board of Ceylinco Takaful Limited, and accordingly, the Board intends obtaining the advise of Hon. Attorney General.

Directions

Directions were issued by the Board to two insurance companies in terms of Section 57 of the Act, for violating Solvency Margin Rules and these companies were required to furnish returns monthly in addition to the Quarterly Returns.

Section 57 of the Act empowers the Board to issue directions to insurers when the affairs of any insurer are conducted in a manner likely to be detrimental to the public or national interest or the interest of policyholders or prejudicial to the interest of the insurer.

A close and continuous monitoring is being carried out by the Board in respect of previously issued directions to insurance companies, in order to determine whether the respective insurers have adhered to same.

Review of Operations Contd...

Warnings

The Board warned an insurance company for violating a previous Direction issued by the Board by incorporating a subsidiary company without the prior written approval of the Board.

The Board once again warned the same insurance company for violating two Directions issued previously, one such warning is for incorporating a subsidiary company without the prior written approval of the Board and the second warning is for issuing insurance policies to persons within the group of companies of the insurer without having received the full premium as at the commencement date of cover.

Insurance Brokering Companies

Suspensions

An insurance brokering company was suspended twice by the Board for violating section 86(1) of the Act, read with Rule 7 published in Gazette Extraordinary No. 1642/16 of 25th February 2010 and section 86(2) of the Act from 12th September 2014 to 19th September 2014 and from 20th October 2014 to 24th November 2014 respectively.

Section 86 (1) of the Act read with Rule 7 published in Gazette Extraordinary No. 1642/16 of 25th February 2010, inter alia, requires every insurance broker to submit its quarterly returns to the Board within forty five days from the end of each quarter, certified by the Principal Officer and a Director of the brokering company.

In terms of section 86(2) of the Act every insurance broker is required to submit its Audited Financial Statements to the Board within six months of the expiry of the accounting period, comprising of a balance sheet, a profit and loss account and a note to such accounts certified by a qualified auditor.

Warnings

Warnings were issued to 03 insurance brokering companies by the Board, since the companies failed to comply with Section 86 (1) of the Act.

Further, warnings were issued by the Board to 08 insurance brokering companies for violating Section 86(2) of the Act.

Having noted a violation of the provisions of the Act in relation to an insurance scheme for migrant workers with the Sri Lanka Foreign Employment Agency another insurance brokering company was warned by the Board.

In terms of section 80(2)(b)(ii) of the Act, a company shall not be entitled to be registered as an insurance broker where a director or the chief executive officer of an associate, subsidiary or a holding company is a director or shareholder or employee of an insurer. However, one insurance brokering company has failed to disclose the fact that one Director of their holding company is also a director of an insurer in their renewal application for year 2013.

Accordingly, Board has warned the said insurance brokering company for furnishing false, misleading or inaccurate information or for having concealing or failing to disclose material facts in the application for renewal of registration for year 2013.

Directions

No Directions were issued by the Board to insurance brokering companies during the year.

Regulatory/Advisory Measures:

1. Approval of the Board was sought by a foreign re-insurance company to set up a liaison office in Sri Lanka. The Board is in the process of setting up a regulatory framework for registering reinsurers in Sri Lanka and therefore, the Board deferred granting approval to the said request until the regulatory framework was finalized.
2. Approval of the Board was sought by a foreign company to purchase an Erection All Risks insurance and third party liability insurance policy from a foreign insurance company for a development project in Sri Lanka. The said project was funded by a foreign authority and according to the agreement they had

Review of Operations Contd...

entered into with the Government of Sri Lanka, the said company being the contractor, was required to obtain such policy from a foreign insurance company. Further, the project office of such company was located in Sri Lanka. After having confirmed the information, approval was granted by the Board to the said request in terms of Section 101(1) of the Act.

As per section 101 of the Act, no person in Sri Lanka, shall without the prior written approval of the Board, directly or indirectly place any insurance business with an insurer not registered under the Act, except in relation to reinsurance business. Further, the Board may grant written approval for same only upon taking into consideration the policy of the Government in respect of the insurance industry and the national interest.

3. An insurance company appointed a Principal Officer without obtaining the approval of the Board and the Board informed the company to appoint a suitable person in terms of section 94 of the Act, as the concerned person was not suitable to function as a Principal Officer. As per section 94 of the Act, every insurance company is required to maintain a principal office, and with the approval of the Board, appoint as its Principal Officer, a person having such qualifications as shall be determined by the Board by rules made in that behalf. An appeal was made by such person to the Board, requesting to reconsider his appointment as the Principal Officer of such company and the Board did not accede to same.
4. The Board issued a notice to show cause to a broker on renewal of registration for year 2014 in view of them violating the provisions of the Act in connection with an insurance product for Sri Lankan overseas migrant workers. Further, the Board informed the company of the expiry of registration and required the company to refrain from functioning as a broker with effect from 1st January 2014. The broker filed a writ application against the Director General and the Board on 9th January 2014 challenging the decision of the Board. The broker sought a writ of Certiorari to quash the notice to show cause and the letter informing the expiry of registration

issued by the Board and further a writ of Mandamus for renewal of their registration for year 2014. However, the broker withdrew the said application on 15th October 2014 after the objections were filed on behalf the Director General and the Board.

5. The Securities and Exchange Commission of Sri Lanka (SEC) has inquired regarding the concerns of the Board on an insurance company listing its subsidiary company which was established in place of another two subsidiaries of the insurance company. The SEC inquired on same in relation to a direction imposed by the Board on such insurer, prohibiting from incorporating any subsidiaries or any other category of companies or establishing branches without the prior written approval of the Board. After inquiring into the matter, the Board issued a no objection letter to the SEC on same since the insurance company was not in violation of the said Direction.
6. A request was made by an insurance company to engage insurance brokers who are able to provide value added services to such insurance company to enhance its product offering in Sri Lanka. According to the sample agreement provided, the main purpose for such engagement was to obtain services relevant to promoting insurance products of such insurance company to customers. The Board refused to grant permission to such request as it was not in conformity with the Act.
7. Approval of the Board was sought by a company willing to register as an insurance company to permit them to incorporate a company with the word "Assurance" in its name in terms of section 96 of the Act. As per section 96 of the Act, a person other than an insurer, a broker or an insurance agent of an insurer or broker, without the written approval of the Board, cannot use as part of its name, title or description, the word "insurance" or any of its derivatives or any other similar word in any language, to indicate that such person carries on insurance business in Sri Lanka. The Board considering the information submitted by them granted approval to same subject to them submitting the duly completed application to function as an insurer to the Board within six months and in the event, the license to function as an insurer is not granted to them by the Board that it will change the name to do away with the word "Assurance".

Review of Operations Contd...

8. The Board has issued a Direction to an insurance company in the year 2009, requiring them to obtain the prior written approval of the Board to establish subsidiaries, branches, etc. The said insurance company sought approval of the Board to waive off the said requirement for setting up of future branches. The Board having reviewed the request, modified said Directions allowing the said insurance company to set up new branches. As per section 57(2) of the Act, the Board is empowered to modify or cancel any Directions issued.
9. The Board has issued a Direction to an insurance company in the year 2012, requiring them to refrain from granting any donations, loans, advances to persons outside, including payments to charities. The said insurance company requested the Board to amend same in respect of donations and payments to charities up to 5% of the net profits of the Company. The Board did not accede to the said request as the revenue reserves of such company were negative as at 31st December 2014 and also as they did not satisfy the minimum capital requirement as specified by the Board.
10. The Board issued a Direction to two insurance companies, requiring them to furnish returns monthly to the Board commencing from the month of March 2014, in view of their decreased solvency positions. After having reported monthly for a period of six months, such insurance companies requested to lift the aforesaid Direction. The Board acceded to such request as the companies were in compliance with the minimum solvency ratios for both General and Long Term Insurance Businesses according to the returns submitted and further, both companies were in compliance with other statutory requirements.
11. The Board issued a Direction to an insurance company, requiring them to remove their Head of Finance in view of malpractices associated with an insurance scheme with Sri Lanka Foreign Employment Agency. The concerned person appealed to the Board requesting to reconsider his removal from such company. However, the Board did not consider his appeal in view of his involvement in the unlawful payments of brokerage commissions, Third Party Administration payments on the aforesaid insurance scheme and for providing inaccurate information in returns submitted by such company to the Board.
12. Approval of the Board was sought by an insurance company in terms of section 25(3) of the Act read with Rule 4 (ii) of Gazette Extraordinary No. 1414/19 of October 2005, to invest Rs. 15,684,000/= in its subsidiary company in Maldives to increase its present stake.

As per Rule 4 (ii) of Gazette Extraordinary No. 1414/19 of October 2005, the value of assets permitted to be kept outside Sri Lanka with any single person or with a person and its related parties, shall not exceed five per centum (5%) of the total value of assets permitted to be kept outside Sri Lanka at any given time. Therefore, the effective single party exposure of such is 1% of the Total Assets.

The said investment by the company was less than 1% of the Total Assets of the said insurer. Accordingly, the Board granted approval to same subject to certain conditions.
13. An insurance company has informed the Board of their process of wind up insurance business in Sri Lanka due to an economic decision taken by their holding company. The Board has conducted an onsite inspection on same and required them to submit further information.
14. The Application for registration as an insurance company was further revised by the Board to be more user-friendly and to be in line with the Amendment Act. The application also states that where the applicant withdraws the application prior to granting registration, only 50% of the registration fee will be refunded to the applicant.

Review of Operations Contd...

15. Observations of the Board have been granted to nine composite insurance companies on the transfer of insurance business as required under section 102 of the Act. As per section 102 of the Act all transactions relating to any transfer and amalgamation of insurance business shall be approved by a District Court, and when applying for such approval, a copy of the Board's observations on such transfer and amalgamation should also be submitted to Court for its perusal.
16. The Board has granted approval to a number of applications by insurance companies for appointment of Directors in terms of the new provisions introduced by the Amendment Act.
17. The Board has granted approval to a number of applications by insurance companies and insurance brokering companies seeking approval to appoint Principal Officers in terms of the provisions in the Act.
18. Approval of the Board has been granted to two insurance companies to appoint Valuers under the Solvency Margin Rules.

REGULATORY REFORMS

Rules

Rule No. 01 of 2014 issued to specify Qualifications of Insurance Agents (other than individuals):

The Board issued Insurance Agents (other than individuals) Qualification Rules by Gazette Extraordinary No.1861/45 of 10th May 2014. These rules introduced qualifications required of any person (other than individuals) to function as an Insurance Agent under the Act.

As per the rule, such person shall be, a company which is registered under the Companies Act who are having a stated capital of not less than Rupees Ten Million and maintains a minimum net capital of rupees Two Million and Five Hundred Thousand at all times, or a Finance

company registered under the Finance Business Act, or a Finance Leasing establishment registered under the Finance Leasing Act, or a Cooperative Society registered under the Cooperative Societies Law, or registered under relevant Statute of a Provincial Council with a specific reference given in its by-laws to operate as an insurance agent and which has been registered under Cooperative Societies Law or relevant Statute of a Provincial Council.

This Rule has been introduced to meet the varying requirements of the insurance industry and to fulfill requirements under section 78 of the Act.

Rules to amend paid up share capital of insurance companies:

As per Gazette Extraordinary No.1848/25 of 06th February 2014 the Board has permitted insurance companies which were formed pursuant to the segregation requirement to have a paid up share capital of Rs 100 million at the time of its registration as an insurer and thereafter to increase the capital to Rs 500 million on or before February 7, 2015.

This decision has been taken by the Board to grant a relief to newly formed insurers.

Determinations

Determination pertaining to the Annual Return of Insurance Companies

Section 47 (1) & 56 of the Regulation of Insurance Industry Act, No. 43 of 2000 – Annual Returns of Insurance Companies- Determination# 14 of 30th March 2012 as amended on 27th March 2014

Insurance companies are required to submit its annual returns in several formats in accordance with Determination 14 issued on 30th March 2012. Out of them, format for Solvency General Insurance and format for Statement of Recommended Practice (SORP) have been

Review of Operations Contd...

revised on 27th March 2014. Solvency General Insurance format has been revised in order to include Reserves Report to be given by the General Insurance Actuary and instructions in forms K-GI and K-GI-2, while format for Statement of Recommended Practice has been revised to be in accordance with the International Financial Reporting Standards (IFRS).

Determination pertaining to the Actuarial Abstract of Insurance Companies

Section 48 (1) of the Regulation of Insurance Industry Act, No. 43 of 2000 – Actuarial Returns of Insurance Companies- Determination# 15 of 30th March 2012 as amended on 27th March 2014

Insurance companies are further required to submit its actuarial returns in several formats in accordance with Determination 15 issued on 30th March 2012 as per Section 48 (1) of the Act. Out of them, Actuarial Report and Abstract have been revised on 27th March 2014 in order to obtain more information about the valuation of policy liabilities.

According to Section 47 (1) and 48 (1) of the Act, the Board is permitted to issue formats of Annual Returns and Actuarial Returns respectively.

Directions issued under Section 96A of the Act

Amendment made to Direction # 3 (iii) of 31st December 2013 - Direction #3(A) of 24th September 2014 common Principal Officer and common Specified Officer of insurers

According to Direction # 3 (iii) of 31st December 2013, by 30th June 2014, insurers are required to appoint a separate Principal Officer and a Specified Officer for the company, who have not been appointed by another insurer.

However, the Board having observed that some insurers were facing difficulties in finding suitable persons within the stipulated time period, has decided to extend the date of compliance. Accordingly, amended Direction #3 (A) was issued on 24th September 2014 to extend the compliance date up to 31st December 2014.

Direction # 04 of 02nd January 2014 –Use of common infrastructure

The Board has issued Direction #04 of 02nd January 2014 pursuant to segregation requirement of composite insurance companies. By this Direction, guidelines for 'use of common infrastructure' are specified.

The aforementioned Direction specifies the requirements which an insurer has to comply to use the existing common infrastructure with another insurer.

Direction # 05 of 18th November 2014 issued to all Insurers and Insurance Brokers who engage the services of Insurance Agents (other than individuals)

The Board has issued Direction # 05 of 18th November 2014 to all insurers and insurance brokers who engage the services of Insurance Agents (other than individuals) registered under Rule No.01 of 2014 published in Gazette Number 1861/45 of 10th May 2014. The said Direction requires insurers and insurance brokers who engage the services of Insurance Agents (other than individuals) to enter into written agency agreements with such insurance agents in which obligations of both parties should be clearly defined. The Direction further specifies several terms and conditions which are required to be included in the written agency agreement.

Review of Operations Contd...

Circulars

Circular # 34 of 10th June 2014 -Register of Insurance Agents (other than for individuals)

Having reflected the requirements under Section 78 (1) of the Act, the Board has issued circular # 34 requiring all insurance companies and insurance brokering companies to maintain a separate register of insurance agents (other than for individuals) according to the draft format submitted in the said circular.

Circular # 35 of 17th October 2014 - Eligibility criteria for Valuers - Amendment to Circular # 30 of 14th March 2013

Considering the requests received from the industry, the Board has granted approval to amend Circular # 30 of 14th March 2013 to include Graduate Members for the eligibility criteria for valuers. Therefore, according to the amendment made to paragraph A of said Circular # 30, a Graduate Member of the Institute of Valuers of Sri Lanka with 15 years post qualifying experience in valuation practice is also included to the eligibility criteria of a valuer.

Review of Operations Contd...

Investigatory Review

The Board, under its overall objective of safeguarding the interests of policyholders, is empowered to investigate into and resolve disputes between insurers and claimants relating to the settlement of insurance claims which are referred to the Board by claimants. In terms of Section 98 of the Act, all parties concerned are given an opportunity of being heard by the Board before making an order on any dispute relating to the settlement of a claim referred to it. The Board also investigates into any other complaint on malpractices or irregularities referred to it against any insurer, broker or agent.

When an investigation is conducted on a matter referred to the Board, the insurers are required to establish the reasons for its decision with supporting information and documents. Where required, third party verifications and expert opinions are also obtained and considered by the Board in arriving at a conclusion on a matter.

Matters referred to and settled during the year 2014

During the year 2014, 284 new matters were referred to the Board and a total of 230 matters were settled/closed during the year. Out of the matters settled, 38 claims were honored by insurers upon the intervention of the Board. Aggregate value of the claims settled during the year 2014, due to the intervention of the Board, is around Rs. 33.6 Million (only with respect to 28 matters of which the settlement amounts have been reported).

Chart 1:

Matters referred to the Board during last five (5) years

Altogether 1,283 matters have been referred to the Board during last five (5) years. As per Chart 1, there has been a gradual increase in the number of matters referred to per annum since the year 2010 despite a slight decrease recorded in 2014 when compared to 2013.

Review of Operations Contd...

Chart 2:

Analysis of matters referred to the Board during the year 2014 – Month wise

Month wise breakdown of the number of matters referred to during the year is given in the Chart 2 above. Highest number of referrals (34 each) has been recorded in the months of January and March whereas the month of December records the lowest with 14 referrals. Number of referrals per month has declined towards the latter part of the year.

Chart 3:

Classification of total matters referred to in 2014

A classification of total matters referred to in 2014 is given in Chart 3. Out of the total matters referred to during the year, 148 (52%) and 113 (40%) are with respect to general insurance business and long term insurance business, respectively.

There were 23 (8%) other matters referred to during the year which were general in nature and cannot be categorized into a line of business e.g. complaints on qualifications of insurance agents.

Review of Operations Contd...

Referrals on Long term Insurance Business

As per the analysis of matters referred to in Table 1 below, issue on which most number of complaints has been received (with respect to the long term insurance business) is 'non-acceptance of liability' by the insurers. More often than not the reason for such non-acceptance has been non-disclosure of material facts at the policy inception. The Board, upon investigating into the matters, was able to assist the claimants where it was revealed that the non-disclosure was not intentional and hence does not fall under fraudulent misrepresentation. It has also been decided to create awareness among the public on the importance of disclosing all material information at the proposal stage (which are required by the insurers in order to determine whether to accept the proposal and the premium to be charged) in order to prevent rejection of claims.

Table 1

Matters on long term insurance business: issue wise

Issue	#	%
Non-acceptance of liability	29	25.66
Request to refund/cancellation or revival	24	21.24
Payment/misappropriation of premia	24	21.24
Maturity /surrender value	15	13.28
Provision of information	12	10.62
Dissatisfied with the claims offered	8	7.08
Other	1	0.88
TOTAL	113	100

Around 21% of the matters referred to (with respect to long term insurance business) were on cancellation or revival of policies. The complainants, mainly due to unawareness of the cooling-off period (i.e. period within which a policy can be cancelled) or urgent financial needs, had wanted to cancel the insurance policies and obtain a refund of the premia paid. However, the Board was not in a position to assist the complainants where the complainants were not eligible for a refund (as per terms and conditions of the relevant insurance policy). Lack of awareness on the cooling-off period and requirements to be eligible for the surrender value has been the major cause of such complaints.

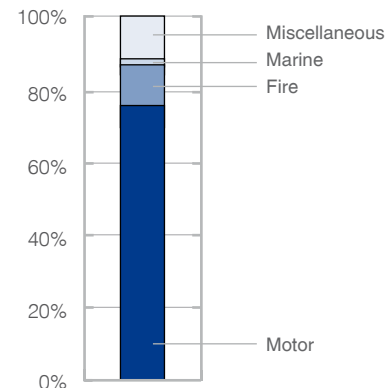

Matters relating to payment of premia also accounted for 21%. The Board was able to inquire into and provide redress to complainants where the payments of premia could be established by documentary proof. However, the issue relating to the non-issuance or delays in issuance of receipts for the payments of premia (where the payments were not directly paid to insurers) has been taken up with the industry and options are being considered to address the same. 13% of the matters were on lack of clarity and explanation on the calculation of maturity or surrender values of the policies. The Board received 12 complaints on the provision of misleading or lack of information during the pre-sale process.

Referrals on General Insurance Business

Analysis of matters referred to on general insurance business, based on product category, is given in Chart 4. Majority of the matters referred to with respect to general insurance business i.e. 112 (75%) has been on motor vehicle insurance covers. Such matters amounts to around 40% of the total matters referred to the Board during the year. Matters on both fire and miscellaneous categories amount to around 11% each out of the total. An issue-wise analysis of matters referred to on general insurance business is shown in Table 2.

Chart 4:

Matters on general insurance business: product category wise

Review of Operations Contd...

Table 2

Matters on general insurance business: issue wise

Issue	#	%
Non-acceptance of liability	99	66.89
Dissatisfied with the claim offered	20	13.51
Delays in settling claims	15	10.14
Other	14	9.46
TOTAL	148	100

The 'non-acceptance of liability' has been the major cause (67%) with respect to the matters referred to on general insurance business. As per submissions by the insurers, the common reasons for repudiation of such claims have been: excluded usage, driver substitution and non-compliance with the claims procedure. Out of the matters referred to with respect to delays in settling claims (15 nos.), majority were resolved upon referral to the Board.

From the matters referred to the Board, it was evident that the claimants, in some cases, were not properly made aware of the reasons for repudiation of claims and the options available if they are not satisfied with the decision of the insurers. Actions to be taken by the insurers in this regard would be incorporated in the proposed guidelines to be issued to insurers on 'handling of complaints'.

Other Engagements

- *Joint Committee on Agency Issues*

A joint committee has been appointed with the membership of the Board, Insurance Association of Sri Lanka, Sri Lanka Insurance Brokers Association and Sri Lanka Insurance Institute in order to address matters relating to insurance agents. The meetings of the Committee were held at and coordinated by

the Board. During the year, the committee was able to formulate drafts of 'Termination and Grievance Handling Procedure' and 'Code of Ethics' for insurance agents. In addition, several other matters such as: 'maintenance of a database of agents' and 'misappropriation of premiums' were discussed and attended to by the Committee.

- *Implementation of the Complaints Handling Procedure*

The Board commenced implementation of the written internal procedure for the handling of complaints. Objective of formulation and implementation of such procedure has been to make the complaints handling consistent and transparent.

- *Application of Insurance Core Principles (ICP 19: Conduct of Business)*

The Insurance Core Principles (ICPs) developed by the International Association of Insurance Supervisors (IAIS) provide a globally accepted framework for the regulation and supervision of the insurance sector. The ICP 19 on Conduct of Business specifies requirements that are outcome-focused and cover: fair treatment of customers, pre-sale process and policy servicing. The Board initiated to examine the standards under ICP 19 to identify the gaps in application of the same in the Sri Lankan insurance industry.

- *Conduct of Investigators*

Insurers conduct investigations internally as well as with the assistance of independent investigators with respect to suspicious claims in order to verify the liability. However, it was revealed that certain practices adopted by investigators in conducting investigations are not acceptable, e.g. false-identification and threatening of respondents. Actions were initiated to regularize these practices in consultation with the industry.

Review of Operations Contd...

Market Development and External Relations Review

The Board is entrusted with the development of insurance industry in addition to the supervision and regulation. Awareness and confidence of the public on insurance needs to be promoted in order to develop the industry. Comparatively low penetration levels in both the long term insurance business and general insurance business shows the need for public awareness on the importance of insurance and on the areas or instances to be cautious when obtaining an insurance cover. The existing and prospective policyholders being the main stakeholders in the industry need to be empowered with knowledge, in order to protect their interests and to be in a position to make an informed decision when entering into an insurance contract.

The Board utilizes direct as well as indirect communication channels in public awareness. The details of communication channels utilized and activities carried out during the year under review are as follows:

Awareness Programmes

These programmes were organized (in collaboration with respective Divisional Secretariats) to create awareness among the public through enhancing the knowledge of government officers attached to the Divisional Secretariats such as Grama Niladharis and Field Officers who frequently interact with the general public. Clarifications on various issues relating to insurance raised by the participants were also provided at the programmes. During the period under review, the Board conducted awareness programmes at selected Divisional Secretariats in Western, Sabaragamuwa, Central, Uva, Southern, North Western and North Central Provinces.

Two (2) awareness programmes were conducted in Colombo and Kandy District Secretariats and eight (8) awareness programmes were conducted in Thimbirigasyaya, Puttalam, Gampaha, Hingurakgoda, Rambukkana, Baddegama, Ratnapura and Siyambalaanduwa Divisional Secretariats covering approximately 456 Grama Niladari Divisions. Around 1,100 officers participated at the programmes conducted in the year 2014.

Participation at Exhibitions

The Board participated for the 8th consecutive year at “Deyata Kirula” national exhibition held in Wayamba (North Western) University premises at Kuliypitiya from 21st February to 01st March 2014. The Board’s stall attracted approximately 3,000 interested public out of which most were school and university students. Participation at the exhibition gave an

Review of Operations Contd...

opportunity for the public to obtain information and clarifications relating to insurance by interacting with the officials of the Board. All visitors to the stall were made aware of the role of the Board, structure and legal/regulatory framework of the insurance industry.

Awareness through Electronic Media

Board participated at “Business World” (ව්‍යාපාරික ලෝකය) television news programme telecasted by Sri Lanka Rupavahini Corporation on 13th August 2014. Director Finance and Administration represented the Board and made the viewers aware of “activities of the Board and important information on insurance”.

Awareness through Print Media

The Board published the following articles, press notices and press releases during the year under review.

Press Releases

- Press Release on the “Performance of the insurance industry during the year 2013” - published in June 2014.

- Press Release on the “Performance of the Insurance Industry during the 1st half of 2014” - published in December 2014.
- Press Release on “Micro Insurance Workshop” organised by the Board - published in May 2014.

Press Notices

- Press notice titled “Better be safe than sorry” in all three (3) languages informing the list of registered insurance companies and insurance brokering companies - published in March 2014.

Press Articles

- An article on “Micro Insurance in Sri Lanka: where is it heading?” - published in July 2014.

Publications

The Board published and distributed following publications mainly at Deyata Kirula national exhibition and at awareness programmes. :

Posters

Posters containing educational material on insurance in all three (3) languages were printed and distributed at awareness programmes conducted by the Board. The posters were distributed to Grama Niladhari officers to be exhibited in their offices for the benefit of general public.

Brochures

Brochures on the following topics were printed and distributed during the year:

- “Insurance – Are you aware?”
- “Facts to be considered”
- “Insurance Proposal forms”
- “List of Insurers”
- “Importance of Insurance”
- “Insurance Board of Sri Lanka”

The above publications are also available to be viewed and downloaded through the official website of the Board, www.ibsl.gov.lk

Review of Operations Contd...

Other Engagements

- *Product Gap Analysis*
The Board examined selected Health Insurance Policies issued by Insurers and identified areas for improvements.
- *Workshop on Micro-insurance*
Considering the low penetration level in the insurance industry compared with international developments and to facilitate access to insurance, Board organised a workshop on micro-insurance under the theme "Promoting Micro-insurance in Sri Lanka" in May 2014.

- *Public Consultation*
During the year under review, the Board attended to numerous inquiries from general public, policyholders and from other stakeholders requesting information relating to insurance.

Review of Operations Contd...

Administrative Review

Staff

The success of any organization largely depends on the expertise of people involved in its functions. As such, we believe that the human resource is the backbone of the success strategy of the Board.

The Board identifies necessary functions to discharge its duty towards achieving the overall objective of ensuring that the insurance industry in Sri Lanka is carried on with integrity with a view to safeguarding the

interests of all policyholders and potential policyholders.

The Board took several key initiatives during the year under review to strengthen the human resource through timely recruitment of required professionals. To meet those initiatives, a Director and two Executives were recruited to the permanent cadre during the year under review. Total staff strength of the Board stood at 41 as at 31st December 2014.

Academic and professional qualifications of the staff are depicted in the table below:

No. of Employees	Educational / Professional Qualifications					
	Post Graduate, First Degree & Professional Qualifications	Post Graduate & Professional Qualifications	Post Graduate & First Degree	First Degree & Professional Qualifications	First Degree	Professional Qualifications
41	03	02	02	11	08	04

Training

Focus on training and development covers the broad policy of enhancing the staff to obtain knowledge and job related skills of the staff to achieve

the goals of the organization. During the year, investments were made as depicted in the table for local as well as overseas training opportunities.

Category	2013 (Rs.)	2014 (Rs.)
Local Training	1,535,494/-	2,204,709/-
Foreign Training	6,287,452/-	7,701,049/-

Staff Welfare

Caring for the well-being of its employees has been an important factor in creating motivation and increasing their morale. Hence, the Board provides an attractive welfare package inclusive of indoor and outdoor medical schemes, personal accident insurance cover, vehicle and distress loan schemes and festival advance. Further, the Board provides opportunities to enhance the relationships with staff and their families by organizing a residential training programme and an annual get-together.

Review of Operations Contd...

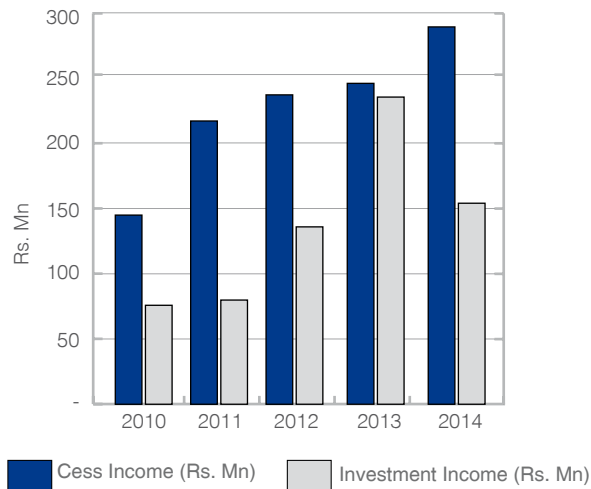

Financial Review

Policyholders' Protection Fund (PPF)

According to the Act, (Cess) money collected to the Policyholders' Protection Fund which is not immediately required for the purposes referred to in the Act has to be invested by the Board in a prudent manner to yield good returns. During the year, the Board invested such funds accordingly and Chart 1 depicts the Cess collection and investment income earned.

Chart 1

Cess Income and Investment Income for the period 2010-2014

	2010	2011	2012	2013	2014
Cess Income (Rs. Mn)	145	217	237	246	274
Investment Income (Rs. Mn)	76	80	136	236	158

Chart 1 illustrates the growth of the Cess income over the last five years. The investment income has shown a significant decrease from 2013 to 2014 due to the reduction of interest rates.

Value of the PPF has increased over the last five years and Chart 2 depicts the same.

Chart 2

Policyholders' Protection Fund Values for the period 2010 - 2014

Cash at Bank	2	1,000,000	1,000,000	371,899

The accounting policies and notes appearing on pages 98 to 107 form an integral part of the Financial Statements.

Accounting Policies

1. SIGNIFICANT ACCOUNTING POLICIES

1.1 BASIS OF PREPARATION

The Financial Statements of the Board are presented in Sri Lankan Rupees rounded to the nearest Rupee and prepared on the historical basis.

Where appropriate accounting policies are disclosed in succeeding notes.

1.2 STATEMENT OF COMPLIANCE

The Financial Statements of the Insurance Board of Sri Lanka have been prepared in accordance with the Sri Lanka Accounting Standards (LKAS and SLFRS) and Sri Lanka Public Sector Accounting Standards laid down by the Institute of Chartered Accountants of Sri Lanka and are in compliance with the said standards.

1.3 EVENTS AFTER THE REPORTING PERIOD

All material events after the reporting date are considered and appropriate adjustments or disclosures are made in the Financial Statements where necessary.

1.4 COMPARATIVE FIGURES

Comparative figures have been restated to conform to the changes in presentation in the current financial year.

1.5 TAXATION

The provision for income tax has been computed in accordance with the provision of the Inland Revenue Act No. 10 of 2006.

The Board has been exempted from income tax other than profits & income from dividend or interest.

1.6 CONVERSION OF FOREIGN CURRENCY

Foreign exchange transactions if any are converted to Sri Lankan Rupees, which is the reporting currency, at the rates of exchange prevailing at the time of the transaction.

2. ASSETS & BASES OF VALUATION

2.1 PROPERTY, PLANT & EQUIPMENT

OWNED PROPERTY PLANT & EQUIPMENT

Property, Plant & Equipment are stated at cost / revaluation amount less accumulated depreciation. The cost of Property, Plant & Equipment is the cost of acquisition with any expenses incurred in bringing the assets to their working condition for the intended use.

Revaluation is performed on motor vehicles by a professionally qualified entity. Increases in the carrying amount arising on revaluation of motor vehicles are credited to the revaluation reserve. The Board expects to complete the revaluation process for the all fixed assets categories during the next year of operation.

DEPRECIATION

Depreciation is charged on the straight-line basis over the estimated useful life of the asset at following rates.

	% per annum
Motor Vehicles	25
Furniture, Fixtures and Fittings	12.5
Office and EDP Equipment	25
Training Equipment	25

Depreciation is provided from the date of purchase of the asset. Depreciation is also provided up to the date of disposal.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount.

2.2 FINANCIAL ASSETS

Financial assets within the scope of LKAS 39 are classified as financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments, available-for-sale financial assets.

Accounting Policies Contd...

2.2.1 HELD-TO-MATURITY INVESTMENTS (HTM)

Non-derivative financial assets with fixed or determinable payments and fixed maturities are classified as held-to-maturity when the Board has the positive intention and ability to hold them to maturity. After initial measurement, held-to-maturity investments are measured at amortized cost using the effective interest rate (EIR) method, less impairment. The EIR amortization is included in interest income.

2.3 INVENTORIES

Inventories are stated at lower of cost or net realizable value. The cost of inventories is valued on first-in- first-out (FIFO) basis.

2.4 RECEIVABLES

Receivables are stated at estimated realizable value.

2.5 CASH AND CASH EQUIVALENTS

For the purpose of cash flow statement, cash and cash equivalents consist of cash at banks and cash in hand.

3. LIABILITIES AND PROVISIONS

3.1 RETIREMENT BENEFITS

3.1.1 DEFINED BENEFIT PLANS - GRATUITY

Provision has been made on account of gratuity by using the "Projected Unit Credit Method" in conformity with Sri Lanka Accounting Standard No 19 "Employee Benefit".

The Board provides gratuity on the completion of the 1st year of employment. However, the provision is adjusted according to the liability.

According to the payment of Gratuity Act No 12 of 1983, the liability to an employee arises only on completion of five years of continued service.

3.1.2 DEFINED CONTRIBUTION PLANS - EPF AND ETF

All permanent employees are eligible for Employees' Provident Fund Contributions and Employees' Trust Fund Contributions in line with the respective statutes and regulations. The Board contributes 12% and 3% of gross emoluments of employees to Employees' Provident Fund and Employees' Trust Fund respectively.

3.2 LIABILITIES

Liabilities classified as current liabilities in the balance sheet are those, which fall due for payment on demand or within one year from the reporting date. The non-current liabilities are those balances that fall due for payment after one year from the reporting date.

All known liabilities have been accounted at cost in preparing the financial statements.

3.3 GRANT

Capital Expenditure transferred from Policyholders' Protection Fund and assets received from Micro Insurance Project are treated as grant and recognized on the estimated useful life of the asset.

4. INCOME & EXPENDITURE

4.1 REVENUE RECOGNITION

Revenue is recognized on accrual basis.

4.2 EXPENDITURE RECOGNITION

All expenditure incurred in maintaining the Board has been charged to revenue in ascertaining the income over expenditure.

4.3 CASH FLOW STATEMENT

The Cash Flow Statement has been prepared using the indirect method.

16. TAXATION

The Provision for Income Tax has been computed in accordance with the provisions of the Inland Revenue Act No. 10 of 2006 as at 31 December 2014.

16.1 NOTIONAL CREDIT FOR WITH HOLDING TAX ON GOVERNMENT SECURITIES ON SECONDARY MARKET TRANSACTIONS

In terms of the provisions of Section 137 of the Inland Revenue Act No 10 of 2006, the Board is entitled to a notional tax credit for the interest income from the secondary market transactions in Government Securities provided such interest income, which form part of the statutory income of the Board for that year of assessment.

Accordingly, the net income earned by the Board from the secondary market transactions in Government Securities had been grossed up in the Financial Statements and the resulting notional tax credit amounting to Rs. 122,380/17 for the year 2014 has been recognized in the Financial Statement for the year ended 31 December 2014.

Interest income from the secondary market transactions in Government Securities of the Policyholders' Protection Fund has been accounted at the net value.

17. CAPITAL COMMITMENTS

There were no capital commitments as at 31st December 2014.

18. CONTINGENT LIABILITIES

There were no contingent liabilities as at 31st December 2014.

19. EVENTS AFTER THE REPORTING PERIOD

No circumstances have arisen since reporting date, which would require adjustments to or disclosure in the Financial Statements.

20. RELATED PARTY DISCLOSURES

Glossary

Accumulation

The situation where a significant number of risks insured or reinsured with the same company be affected simultaneously by a loss event.

Acquisition Expenses

All expenses which vary with and are primarily related to the acquisition of new insurance contracts and the renewal of existing insurance contracts. e.g. commissions

Actuary

An expert concerned with the application of probability and statistical theory to problems of insurance, investments, financial management and demography.

Administrative Expenses

Costs of an administrative nature including those arising from premium collection, portfolio administration including staff costs and depreciation provisions in respect of property, plant and equipment.

Admissible Assets

Assets that may be included in determining an insurer's statutory solvency. Such assets are specified under the Rules made under the Regulation of Insurance Industry Act, No.43 of 2000.

Annuity

A long term insurance product that pays periodic income benefits for a specific period of time or over the course of the annuitant's life time. Deferred annuity - If the payments start at some point in the future, it is a deferred annuity. Immediate annuity - if the payments start at the outset of the contract, it is an immediate annuity.

Beneficiary

A person named by the policyholder as the recipient of the sum insured and other benefits due in the event of the policyholder's death.

Cedent

Client of a reinsurance company (primary insurance company).

Claims

The amount payable under a contract of insurance arising from the occurrence of an insured event: such as the destruction or damage of property and related death or injuries, the incurring of hospital or medical bills, death or disability of the insured, maturity of an endowment policy, the attainment of pensionable age, the amount payable on the surrender of a policy.

Claims Incurred

The aggregate of all claims paid during the accounting period together with attributable claims handling expenses, where appropriate, adjusted by claims outstanding provisions at the beginning and end of the accounting period.

Claims Incurred But Not Reported (IBNR)

At the end of the period of account a reserve in respect of property, liability and pecuniary insurance to cover the expected cost of losses that have occurred but not yet been reported to the insurer.

Claims Outstanding Reserve - General Insurance Business

The amount provided to cover the estimated cost of settling claims arising out of events which have occurred by the Balance Sheet date,

including Incurred But Not Reported (IBNR) claims and claims handling expenses, less amounts already paid in respect of those claims.

Co-insurance

An arrangement whereby two or more insurers enter into a single contract with the insured to cover a risk in agreed proportion at a specified premium.

Commission

A payment made to a broker or an insurance agent in return for selling and servicing an insurer's products.

Deferred Acquisition Cost - General Insurance Business

Under the annual basis of accounting, acquisition costs relating to the unexpired period of risk of contracts in force at the Balance Sheet date which are carried from one accounting period to subsequent accounting periods.

Earned Premiums

Written premiums adjusted by the unearned premium provisions at the beginning and end of the accounting period.

General Insurance Business

Fire, marine, motor or miscellaneous insurance business carried on singly or in combination with one or more of them. Total premium received or due from all sources, including premiums for reinsurance assumed in respect of general insurance business, during an accounting period.

Gross Premium

The premium after deduction of discounts, refunds and rebates, but before the deduction therefrom of any

Glossary Contd...

premium paid or payable by an insurer for reinsurance ceded.

Insurance Risk

Uncertainty over the likelihood of an insured event occurring, the quantum of the claim, or the time when claims payments will fall due.

Insurer

A company incorporated as a public company under the Companies Act, No. 7 of 2007 and registered as an insurer under the Regulation of Insurance Industry Act, No. 43 of 2000.

Long Term Insurance Business

The business of entering into or maintaining contracts of assurance on human lives, such contracts including contracts whereby the payment of money is assured on death or on the happening of any contingency dependent on human life and contracts which are subject to payment of premiums for a term dependent on human life.

Maturity

The time at which payment of the sum assured under a long term insurance policy falls due at the end of its term.

Net Claims Ratio or Net Loss Ratio

A formula used by insurers to relate net claims expenses to net earned premium (i.e. after deducting relevant reinsurance).

$$\frac{\text{Net claims incurred}}{\text{Net earned premium}} \times 100$$

Net Combined Ratio - General Insurance Business

This indicates the profitability of the insurer's operations by combining the net loss ratio with net expense ratio.

The combined ratio does not take account of investment income.

$$\frac{\text{Net claims incurred} \times 100}{\text{Net earned premium}} + \frac{\text{Expenses} \times 100}{\text{Net earned premium}}$$

Net Earned Premium - General Insurance Business

Gross written premium adjusted for reinsurance premium and for the increase or decrease in unearned premium.

Net Expense Ratio - General Insurance Business

A formula used by insurance companies to relate net earned premium to acquisition and administrative expenses (e.g. commission, taxes, staff, selling and operating expenses).

Non - Participating Policy - Long Term Insurance Business

Long Term insurance business where policyholders are not contractually entitled to share in the surplus of the relevant life fund.

Policy

A document setting out the terms and conditions of a contract of insurance.

Policyholder

The person who for the time being is the legal holder of the policy for securing the contract with the insurer.

Policy Loan

A loan from the insurer to a policyholder on the security of the surrender value of a long term insurance policy. The loan is normally limited to a percentage of the current surrender value of the policy and interest is charged on such loans.

Primary Insurer

An Insurance Company that assumes risks in return for insurance premium and has a direct contractual relationship with the holder of the insurance policy (individual, firm or organization).

Operating Profit

The profit generated by transacting general insurance business after taking into account the investment income, net capital gains and other income.

Reinsurance

An arrangement whereby one party (the reinsurer), in consideration for a premium, agrees to indemnify another party (cedent-the primary insurer) against part or all of the liability assumed by the cedent under policy or policies of insurance.

Reinsurance Commission

Commission received or receivable in respect of premiums paid or payable to a reinsurer.

Reinsurance Inwards

The acceptance of risks under a contract of reinsurance.

Reinsurance outwards

The placing of risks under a contract of reinsurance.

Reinsurance Profit Commission

Commission received or receivable by the cedent (reinsured primary insurer) from the reinsurer based on the net profit (as defined in the reinsurance treaty) made by the reinsurer on the reinsurance treaty.

Retention

The part of the risk assumed which the insurer/reinsurer does not reinsure/retrocede, i.e. retained net for own account.

Glossary Contd...

Solvency Margin - Long Term Insurance

The difference between the value of assets and value of liabilities, required to be maintained by the insurer who carries on long term insurance business as defined in Solvency Margin (Long Term Insurance) Rules, 2002 made under Section 26 of the Regulation of Insurance Industry Act, No.43 of 2000.

Solvency Margin - General Insurance

The difference between the value of assets and value of liabilities, required to be maintained by the insurer who carries on general insurance business as defined in Solvency Margin (General Insurance) Rules, 2004 made under Section 26 of the Regulation of Insurance industry Act, No.43 of 2000.

Surrender Value

The amount payable by an insurer to a policyholder in respect of long term insurance on termination of an insurance policy before the expiry of its term. In order to attain a surrender value, the policy should have been in force continuously for a period of at least three years.

Underwriting Profit

The technical profit generated by transacting general insurance business without taking into account the investment income and other income.

Unearned Premium

The portion of premiums already entered into the accounts as due but which relates to a period of risk subsequent to the Balance Sheet date.

Unearned Premium Reserve

A fund kept by a general insurer to provide for claims that may arise in the future under the insurance policies that are still in force.

Unexpired Risk Reserve

The excess of estimated value of claims and expenses likely to arise after the end of the financial year from contracts concluded before the date, insofar as their estimated value exceeds the provision for unearned premiums (after deduction of any acquisition costs deferred).
